"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Media Lens has performed a major public service by carrying out this task with energy, insight, and care." Drawing upon the timeless wisdom of the Bhagavad Gītā, a philosophical-spiritual world classic, this professional book highlights the spiritual and moral dimensions of management using an inside-out leadership development approach. It interprets the Bhagavad Gītā's teachings on the personality types and psychological makeup of managers and employees; self-knowledge and self-mastery; and the leadership concepts of vision, motivation, and empowerment. This book covers topics such as training of the mind, ethical leadership, communication, stress management, and corporate social responsibility (CSR). Collectively, the enclosed contributions provide managers with an enhanced outlook on management functions such as leading, planning, organizing, and controlling in today's organizations, particularly those run by knowledge workers. Management research in the 20th century has mainly focused on the industrial paradigm characterized by a hierarchical structure of authority and responsibility with an individualistic focus on the personality of the manager. However, this traditional paradigm cannot solve many of the problems that confront leaders and managers today. Recent studies have shown that values traditionally associated with spirituality—such as integrity, honesty, trust, kindness, caring, fairness, and humility—have a demonstrable effect on managerial effectiveness and success. Although traditionally interpreted as a religious-spiritual text, the Bhagavad Gītā teaches these values which can be extrapolated and applied to practical management lessons in today's corporate boardrooms. Applying the text of the Bhagavad Gītā to the context of management, this book views the manager as an "enlightened sage" who operates from higher stance, guided by self-knowledge and self-mastery. It demonstrates how character is the key ingredient for effective management and leadership. This book is therefore applicable to all managers, from first-line to CEOs, in their management and leadership roles in organizations.

Thousands of students have found this book the ideal way to master and upgrade their Spanish grammar.

Welcome to the second edition of Avanti! In the new edition our priorities remain the same as those of the first edition, to provide an introductory language course that meets the needs of both instructors and learners. Three significant characteristics set Avanti! apart from other first-year Italian texts: First, Avanti! satisfies students' desire to communicate in everyday situations right from the start and to explore Italy's rich and unique culture in meaningful ways. Second, Avanti! responds to instructors' concern that most textbooks attempt to cover too much material in the first year. We have designed an elementary course that reflects reasonable expectations for the amount of material that most beginning learners can acquire in one year of classroom instruction. Third, the methodology of Avanti! is firmly grounded in current findings of research in second language acquisition and foreign language pedagogy. The materials provide support for instructors, particularly those with limited experience, whose goals are to teach mainly, if not exclusively, in Italian, and to create the student-centered, communicative classroom environment that is promoted by this research. The title Avanti! was chosen to convey the forward-thinking approach of this exciting new program.

Carrick Francis has spent most of his life jumping into trouble with both feet. The only thing saving him from prison or worse is his absolute devotion to Deacon Winters. Deacon was Crick's sanity and salvation during a miserable, abusive childhood, and Crick would do anything to stay with him forever. So when Deacon's father dies, Crick puts his college plans on hold to help Deacon as Deacon has helped him. Deacon's greatest wish is to see Crick escape his memories and the town they grew up in so Crick can enjoy a shining future. But after two years of growing feelings and temptation, the painfully shy Deacon finally succumbs to Crick's determined advances and admits he sees himself as part of Crick's life. It nearly destroys Deacon when he discovers Crick has been waiting for him to push him away, just like Crick's family did in the past. When Crick's knack for volatile decisions lands him far away from home, Deacon is left, shell-shocked and alone, struggling to reforge his heart in a world where love with Crick is a promise, but by no means a certainty.
