This book is a direct offspring of the schism in the Worldwide Anglican Communion concerning its traditional and future identity, which came apart in 2003 over the election of V. Gene Robinson, a practicing gay priest as the Bishop of New Hampshire, United

States. When 62 out of 107 leaders of the Episcopal Church {US Anglicans} confirmed his ordination at its triennial conference later that year, the ice that held "God's frozen people" together for so long began to thaw. For the 38 provinces of World Anglicanism, it's been a sloppy and loud reversal of communion since its February 10-15, 1997 "Second Anglican Encounter in the South", at Kuala Lumpur, Malaysia. The prophetic theme of that meeting; "The Place of Scripture in the Life and Mission of the Church in the 21st Century", has been challenged by theologically "enlightened" American, British and Canadian Councils. Revisionist ministers and methods then began to dictate the life and mission of these dioceses.
