offer a thorough, annotated bibliography in addition to an extensive discography, chronology, and list of works. The bibliography treats not only articles, books, dissertations, and exhibition publications, but also includes numerous reviews of his operas and other works. An overview of the nature and location of primary sources and the holdings of various archives (in England, France, Belgium, Germany, and Spain) is an especially useful feature of this book that is not available anywhere else. Alb niz's letters, manuscripts, library, photographs, and other important documents and personal effects are discussed. This guide to research sheds welcome light on one of the most important composers in the history of Spanish music, one whose works won the admiration of Faure, Debussy, and Messiaen, and exerted a profound influence on de Falla, Turina, and Rodrigo.

PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology.

The Classical Good CD & DVD Guide contains over 3500 reviews of Classical CDs and DVDs, written by the critics of Gramophone (the world's most authoritative classical music magazine), with more recommendations than ever before. It also contains a host of extras designed to appeal to the novice and seasoned collector, including composer biographies, recommended repertoire, guides to broadening your listening experience, and an introduction to the world of classical music on CD.

This expanded and completely revised fourth edition is a unique handbook, spanning a thousand years of music from Gregorian chant via Bach and Beethoven to current leading lights such as Thomas Adès and Kaija Saariaho. There are concise biographical profiles of more than 200 composers and informative summaries of the major compositions in all genres, from chamber works to operatic epics. Topics such as the influence of jazz, notation, conducting, the madrigal, and why Stradivarius made such great violins are covered fully in feature boxes. The Rough Guide has been praised for its mix of well-known composers with more obscure, but interesting, figures (like Antoine Brumel and Barbara Strozzi), and for the way it takes contemporary music seriously.
