The 2015 version of ISO 9001 brings many enriching changes to promote quality excellence by organizations. The most significant change is the reinforcement of the fact that ISO 9001 is not just a quality issue. It is relevant as an overarching management topic. The book explains the requirements of the revised (2015) version of ISO 9001 in simple and practical manner. The objective has been to enhance understanding of the subject matter by managers and quality professionals. A conceptual understanding shall enable managers and professionals to design better systems and processes uniquely suited to their respective organizations. In view of this the first five chapters of the book explain concepts on QUALITY, PROCESS, PROCESS APPROACH / MANAGEMENT and PDCA. These are relevant for all management system standards being developed by International Organization for Standardization with the High Level Structure. Part II of the book goes into details of each clause focusing on processes and process interactions. We expect that the readers will appreciate that ISO 9001, now focuses more on expected outcomes through processes than mandating too many requirements.

Vedanta provides the ultimate answers regarding our real nature, this life and the world we are in, and thus guides us in leading a life of peace and happiness. Bhaja Govindam reveals the subtle and profound message of Vedanta (the wisdom of the Upanishads) in a simple, direct and concise manner, and that too through exquisite poetry. Importantly, it presents practical ways to apply Vedanta to daily life, cutting through the numerous terms and concepts in spirituality. For most people, Bhaja Govindam – authored by Adi Shankaracharya – is just a beautiful song, ever filling their hearts with devotion towards Lord Krishna. But, in reality, every verse presents us with an understanding of life and shows us how to lead a life that is filled with peace and happiness, and finally leading us to fulfilment. Bhaja Govindam shows us how we suffer in life because of the wrong perceptions (delusions) regarding ourselves and life in this world. That is why this text is formally referred to as Moha-mudgara? (literally meaning: 'the hammer that destroys delusion'). It helps us remove the wrong perceptions so that we can be free from suffering and be endowed with ever-lasting happiness. This book is a translation and commentary (in English) on Bhaja Govindam and offers quotes from other texts, including Bhagavad Gita, Vivekachoodamani, Srimad Bhagavatam and Upanishads. Thus, this book becomes a comprehensive guide for any spiritual seeker, even for those who are not familiar with the various concepts of Vedanta.
