Quentin Compson narrates the story of his family's African-American washerwoman, Nancy, who fears that her husband will murder her because she is pregnant with a white-man's child. The events in the story are witnessed by a young Quentin and his two siblings, Caddy and Jason, who do not fully understand the adult world of race and class conflict that they are privy to.

Although primarily known for his novels, William Faulkner wrote in a variety of formats, including plays, poetry, essays, screenplays, and short stories, many of which are highly acclaimed and anthologized. Like his novels, many of Faulkner's short stories are set in fictional Yoknapatawapha County, a setting inspired by Lafayette County, where Faulkner spent most of his life. His first short story collection, *These 13* (1931), includes many of his most frequently anthologized stories, including "A Rose for Emily", "Red Leaves" and "That Evening Sun." Returning home to Jefferson, Mississippi, at the end of the First World War, young Bayard Sartoris grieves the loss of his twin brother, John. Despite the stabilizing influence of his marriage to the lovely Narcissa Benbow, young Bayard's recklessness grows as the days pass, and hastens the destruction of the Sartoris family, who are still living under the shadow of Bayard's deceased, heroic great-grandfather. A story of a decaying family confronting the debilitating effects of war, Sartoris is a commentary on social class and family conditions in the post-war world of the American South. William Faulkner's third novel, Sartoris was published in 1929 and was the first novel he set in fictitious Yoknapatawpha County. It introduces many of the memorable characters found in his later books *The Hamlet*, *The Town* and *The Mansion*, including the Snopes family. William Faulkner was a master of the short story. Most of the pieces in this collection are drawn from the greatest period in his writing life, the fifteen or so years beginning in 1929, when he published *The Sound and the Fury*. They explore many of the themes found in the novels and feature characters of small-town Mississippi life that are uniquely Faulkner's. In "A Rose for Emily," the first of his stories to appear in a national magazine, a straightforward, neighborly narrator relates a tale of love, betrayal, and murder. The vicious family of the Snopes trilogy turns up in "Barn Burning," about a son's response to the activities of his arsonist father. And Jason and Caddy Compson, two other inhabitants of Faulkner's mythical Yoknapatawpha County, are witnesses to the terrorizing of a pregnant black laundress in "That Evening Sun." These and the other stories gathered here attest to the fact that Faulkner is, as Ralph Ellison so aptly noted, "the greatest artist the South has produced."

A dark, shocking, bestselling thriller debut about a mother and daughter—and the lengths to which a daughter will go to find independence. “Nobody wants to hear the truth from a liar.” For the first eighteen years of her life, Rose Gold Watts believed she was seriously ill. She was allergic to everything, used a wheelchair, and practically lived at the hospital. Neighbors did all they could, holding fundraisers and offering shoulders to cry on, but no matter how many doctors, tests, or surgeries, no one could figure out what was wrong with her. Turns out her mom, Patty Watts, was just a really good liar. After serving five years in prison, Patty gets out with nowhere to go and begs her daughter to take her in. The entire community is shocked when Rose Gold says yes. Patty insists all she wants is to reconcile their differences. She says she’s forgiven Rose Gold for turning her in and testifying against her. But Rose Gold knows her mother. Patty Watts always settles a score. Unfortunately for Patty, Rose Gold is no longer her weak little darling... And she’s waited such a long time for her mother to come home.

Compressing an epic expanse of vision into hard and wounding narratives, Faulkner's stories evoke the intimate textures of pace, the deep strata of history and legend, and all the fear, brutality, and tenderness of the human condition. These tales are set not only in Yoknapatawpha County, but in Beverly Hills and in France during World War I. They are populated by such characters as the Faulknerian archetypes Flem Snopes and Quentin Compson, as well as by ordinary men and women who emerge so sharply and indelibly in these pages that they dwarf the protagonists of most novels.

Here is a classic collection from one of America's greatest authors. Though these short stories have universal appeal, they are intensely local in setting. With the exception of "Turn About," which derives from the time of the First World War, all these tales unfold in a small town in Mississippi, William Faulkner's birthplace and lifelong home. Some stories—such as "A Rose for Emily," "The Hound," and "That Evening Sun"—are famous, displaying an uncanny blend of the homely and the horrifying. But others, though less well known, are equally colorful and characteristic. The gently nostalgic "Delta Autumn" provides a striking contrast to "Dry September" and "Barn Burning," which are intensely dramatic. As the editor, Saxe Commins, states in his illuminating Foreword: "These eight stories reflect the deep love and loathing, the tenderness and contempt, the identification and repudiation William Faulkner has felt for the traditions and the way of life of his own portion of the world."

The recognition is growing: truly addressing the problems of the 21st century requires going beyond small tweaks and modest reforms to business as usual—it requires "changing the system." But what does this mean? And what would it entail? The New Systems Reader highlights some of the most thoughtful, substantive, and promising answers to these questions, drawing on the work and ideas of some of the world's key thinkers and activists on systemic change. Amid the failure of traditional politics and policies to address our fundamental challenges, an increasing number of thoughtful proposals and real-world models suggest new possibilities, this book convenes an essential conversation about the future we want.
