flu-en-cy / noun :the ability to speak a language easily and effectively Even if they want to, many Christians find it hard to talk to others about Jesus. Is it possible this difficulty is because we're trying to speak a language we haven't actually spent time practicing? To become fluent in a new language, you must immerse yourself in it until you actually start to think about life through it. Becoming fluent in the gospel happens the same way—after believing it, we have to intentionally rehearse it (to ourselves and to others) and immerse ourselves in its truths. Only then will we start to see how everything in our lives, from the mundane to the magnificent, is transformed by the hope of the gospel.

Are You Are you willing to forsake it all, for the gospel of Jesus Christ? Are you willing to forgive that have hurt you in the past? Are you willing to let go of your failures and trust me? Are you willing to lay aside every sin and every weight that dost so easily beset you? Are you willing to show forth the praises of God? Are you willing to do what God has called you to do? Are you willing to be sold out for Jesus? Are you willing to walk in the Spirit (of God) and not fulfill the lust of your flesh? Are you willing to deny yourself and take up your cross and follow after me? Are you willing to submit to me and let me be in control of your life?

The gospel really is the best news anyone will ever receive. So why do Christians shy away from talking about Jesus outside of church? And, when they do speak of Jesus, why do they often get a disinterested or scornful reponse? Mack Stiles offers a wealth of answers, ideas and stories in this heads-up, hands-on evangelism handbook. His creative strategies for reaching an ethnically, culturally, economically, educationally, geographically and ideologically diverse world with the best news ever are drawn directly from his own work as an evangelist in today's student world. In *Speaking of Jesus* he shows readers how to keep their eyes open for "divine appointments," how to approach others with a servant spirit, how to cross relational barriers, how to simply tell one's own story of faith, and how to answer questions with honesty and confidence. *Speaking of Jesus* may well be an *Out of the Saltshaker* for the 1990s and beyond. With contagious enthusiasm, Stiles stresses that evangelism isn't about exhibiting superhuman courage or perfecting specialized techniques or exercising extraordinary gifts. Instead, he shows that people of faith can use everyday situations and everyday language to pass on the simple--and simply wonderful--news about Jesus.

values, it's tough for teenagers to find "acceptable" ways to share their faith. In fact, "Christianity" is now one of the more polarizing words in the Western world--followers of Jesus are known far more for what we're against than what we're for. And that makes it extra hard for students to engage their friends and classmates in conversations about the most important thing in their life. What we are for is a person--his name is Jesus. And Jesus is not only our salvation, but the most compelling person who's ever walked the earth. But that epic truth is overshadowed by the distractions surrounding Christianity's "public face"--it's been turned into a political/social/moral word, not a simple description of Christ-followers. In the student edition of his bestselling book *Speaking of Jesus*, author Carl Medearis maps out a path that will forever change the way teenagers think about "sharing my faith." Using strategies and ideas gleaned from his decades of experience as a missionary in the Middle East, Carl will give students a new vocabulary and a new way of engaging the people in their life--they will discover the freedom "speaking of Jesus" brings, flavoring all their interactions with his compelling prese

Almost 40 years ago John and Elizabeth Sherill introduced the world to the phenomenon of 'speaking in tongues' in their book, *They Speak with Other Tongues*. The book was an immediate success as thousands were touched by the power of this spiritual gift. The *Hidden Power of Speaking in Tongues* again explores this spiritual experience powerfully prevalent in the early church. This much maligned and controversial gift was a practical part of their

Where do we get food to nourish our souls? Gods living word, the Holy Bible is our daily bread. If we want to be spiritually healthy, we should read and soak up his words. They are His living words and also provide us protection. As we read and put on His whole armor before heading out each day--we armor up, helping to keep us spiritually prepared for whatever the day holds. Has God ever put something on your heart, something that you know you should be doing? For me, although I'm finished with this devotional, this is the beginning of my new life's journey of letting his words in verses and text from the bible pour into my spirit. There is really something to the power found within his words. I have experienced a new peace in my life, so thankful am I for this journey. Spending time with the Lord and reading through verses and writing each day has made a difference in my life and I can say, I'm better for it. I hope whoever you are, if this finds its way to you, it will help create in you a thirst for our Father, our Savior, our Lord, Jesus Christ. And I pray whenever he speaks, whatever he speaks to your heart that you would be able to hear his words with clarity and walk on his paths of truth for your life. Every good and perfect gift comes from the Lord.

Some of us fear moments when we need to defend our theology. Some of us seek them out. But we are seldom ready the way Jesus seemed to be ready. So how do we draw others to God in the midst of these ordinary conversations the way Jesus did? In Speaking of Jesus, Carl Medearis draws on his experience of international reconciliation between Muslims and Christians to remind us of the heart of the matter: Jesus. Here he gives us tools, stories, and the foundation we need to move beyond “us” and “them” and simply talk about the One who

changes it all. As Carl writes, "While others are explaining and defending various isms and ologies we're simply pointing people to our friend. The one who uncovers and disarms. Who leads people right to himself. The beginning and the end of the story. A good story indeed." "Although this is an imperfect communication on my part, I believe Jesus has spoken to my heart many things that encourage and teach me that may be an encouragement to you." I had experienced occasional times in my quiet time where I felt Jesus was speaking to my heart and wrote down what came to my mind that Jesus might be telling me. After reading *Hearing God* by Peter Lord several times, I felt that Jesus wanted me to listen to His voice more frequently, which became a daily part of my quiet time. I would pick a verse or two in the daily chapter of the New Testament that I was reading, write a prayer to Father God relating to this and write the words, "Jesus speaking to my heart, I believe," and then begin to write what I thought Jesus might be telling me. Although this is an imperfect communication on my part, I believe Jesus has spoken to my heart many things that encourage and teach me that may be an encouragement to you as you read this book.

SPEAKING LIFE INTO YOUR I AM, is a book about tapping into the wisdom of Proverbs 18:21 by learning how to use your words to speak life into yourself. SPEAKING LIFE INTO YOUR I AM, is a book about affirming your worth and building the kind of self-esteem that emanates from within and that will carry you through the changing seasons of your life. SPEAKING LIFE INTO YOUR I AM, provides 25 Bible-based affirmations to help you breakthrough self-defeating limitations so that you can embrace your most authentic, actualized and resilient self. SPEAKING LIFE INTO YOUR I AM, is about following Jesus's example of affirming your identity. When Jesus said, "I am the light of the world," he was defining himself and affirming his identity. Jesus was essentially saying: I know who I am! Throughout the Bible, Jesus says, "I AM" and then defines for himself who He is. Jesus describes himself as the way, the truth, the light, the resurrection, and the life. Over and over in the Bible, we see Jesus affirming His identity, starting with the words ...I Am. Jesus knew who he was and he modeled an important Kingdom principle for us all: The importance of... SPEAKING LIFE, into your "self." It's vital to the wellbeing of your soul and your spirit to break free of the notion that you need man's approval and acceptance in order to affirm your worth and speak life into your authentic identity as a child of God. In fact, relying on the approval of others for your self-worth, is a mental stronghold that robs you of your personal power. Here's why: As human beings we were all made in the image and likeness of God. This alone gives every human being inherent worth and value, apart from anything that we could ever do, accomplish or achieve. But each of us

has to come to this realization for ourselves so that we learn to speak life into our own lives. There's no question that in today's media-saturated society even the most confident of people can be made to feel like they don't measure up or like they have to pretend to be someone other than who they are authentically in order to be worthy of love and valued as a human being. And unless we develop a more Christ-like view of ourselves, we can end up spending our entire lives feeling like we are deficient. And this is no way to live, because your confidence and your self-esteem matters to God! The question of your identity is a question worth exploring, because when you have a healthy perspective of your worth and value, then no one will ever be able to run up in your life and make you believe that you are inadequate in any way or unworthy of love. Regardless of what anyone has ever said to you or done to you or what you've been conditioned to believe; the deeper reality of your identity is this: YOU were created to reflect God's glory, love, power, and light! You were created to SHOW UP for LIFE from your place of Power, Love and Resilience. You are already complete. You are lacking in NO THING! You have ideas worth sharing, talents worth multiplying, goals worth reaching for and dreams worth pursuing. But it all starts with knowing who you are. This book will help you understand who you are in God. SPEAKING LIFE INTO YOUR I AM, provides you with bible-based affirmations that you can read over and over again and say as often as you need to; so that you can release the power of God's word into your thought life and inscribe it in your heart. Use this book to speak life into yourself and to positively affirm your identity as one who was created in the image and likeness of God. As you allow GOD to sit with you in prayer and recharge your spirit with His life-affirming Word, trust and believe that your life will be transformed. Let this book serve as reminder of how awesome You already are and what an

This book is about teaching and opening up the blind eyes of what is going on in the shadows of the churches. What lurks in the souls of men. I write this book because in today's world, Christians do not boldly stand up for Christ. Christians need to not fear the enemy, because God will prevail in faith. Christians are in hiding because of laws that only seem to attack the

Christians in the First Amendment. So many people have fought for their rights in the First Amendment to pray with freedom of speech, but they seem to be a small minority. We should be building our churches instead of seeing more empty buildings. There are so many ashamed of being a Christian and it's sad. To many Christians are pleasing themselves and men instead of God. It is an honor people to be a child of the King Of Kings. You are added to the royalty family of God and are to become like him. You will wear a crown of glory in paradise one day and have all the promises the bible speaks about. If you throw down your Amour and be defeated here on earth, you will have to tell Jesus one day in the after life, why you didn't speak up more about him. Why you didn't bring more people to know Jesus? Why you were a Christian believer and thought only about your own grace and not others. We must get the word of God to the people who need Jesus. There is going to be so many lost people, because the Christians didn't tell sinners about God. We have a God with arms opened to receive people with sinful lives. Lets stop being afraid of our own shadows and speak out about how wonderful Jesus is. Let them know that their is hope through him. Stop seeing the sins and look for the good in people. We must remember Christians, we once were just like them. Stop preaching hell is coming to them and start telling them that Jesus, wants them with him in heaven too. We can't agree with their sins but let do God's work in a nicer way. I tell everyone to read the Holy Bible themselves and see what God speaks to their hearts.. Also study more on the new Testament to reference, what I say is true, from my heart and what I feel Jesus, wants me to say.

It's the greatest story never told: that of a boy who met Jesus and dared to ask Him all the questions that have consumed mankind since the dawn of time. His name was Segatashya.

He was a shepherd born into a penniless and illiterate pagan family in the most remote region of Rwanda. He never attended school, never saw a bible, and never set foot in a church. Then one summer day in 1982 while the 15-year-old was resting beneath a shade tree, Jesus Christ paid him a visit. Jesus asked the startled young man if he'd be willing to go on a mission to remind mankind how to live a life that leads to heaven. Segatashya accepted the assignment on one condition: that Jesus answer all his questions-and all the questions of those he met on his travels-about faith, religion, the purpose of life, and the nature of heaven and hell. Jesus agreed to the boy's terms, and Segatashya set off on what would become one of the most miraculous journeys in modern history. Although he was often accused of being a charlatan and beaten as a result, Segatashya's innocent heart and powerful spiritual wisdom quickly won over even the most cynical of critics. Soon, this teenage boy who had never learned to read or write was discussing theology with leading biblical scholars and advising pastors and priests of all denominations. He became so famous in Rwanda that the Catholic Church investigated his story. The doctors and psychiatrists who examined Segatashya all agreed that they were witnessing a miracle. His words and simple truths converted thousands of hearts and souls wherever he went. Before his death during the 1994 Rwandan genocide, Segatashya continued his travels and conversations with Jesus for eight years, asking Him what we all want to know: · Why were we created? · Why must we suffer? · Why do bad things happen to good people? · When will the world end? · Is there life after death? · How do we get to Heaven? The answers to these and many other momentous, life-changing questions are revealed in this riveting book, which is the first full account of Segatashya's remarkable life story. Written with grace, passion, and loving humor by Immaculée Ilibagiza, Segatashya's

No matter what your faith or religious beliefs, Segatashya's words will bring you comfort and joy, and prepare your heart for this life . . . and for life everlasting.

Most Christians know they should be trying to tell their friends and family about Jesus. But in a post-Christendom world, personal evangelism is viewed negatively--it's offensive, inappropriate, and insensitive. Recent studies confirm that the majority of Christians rarely evangelize, worried they might offend their family or lose their friends. In *How to Talk About Jesus (Without Being That Guy)*, author Sam Chan equips everyday Christians who are reluctant and nervous to tell their friends about Jesus with practical, tested ways of sharing their faith in the least awkward ways possible. Drawing from over two decades of experience as an evangelist, teacher, and pastor, Chan explains why personal evangelism feels so awkward today. And utilizing recent insights from communication theory, cross-cultural ministry, and apologetics, he helps you build confidence in sharing your faith, and teaches you how to evangelize your friends and family in socially appropriate ways.

As with French, German or Spanish, learning the basic vocabulary of Christianity is a vital first step in understanding what it means and how it works. We think of words like 'faith', 'forgiveness', 'salvation', 'sin' and 'heaven'. But how can we be sure that we understand them correctly? Over the centuries all sorts of different meanings have grown up around these words, and sometimes those meanings can obscure or distort the way the words were originally used in the Bible. In *Speaking Christian*, Marcus Borg takes some of the key words in the Christian dictionary and exposes the negative and unhelpful connotations they still carry

today. At the same time, he goes back to the Bible and unpacks their meaning in a way that is both more faithful to the teaching of Jesus and more relevant to his followers today. Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

A thought-provoking retelling of the Gospel story from an atheist perspective. Upon its hardcover publication, renowned author Philip Pullman's *The Good Man Jesus and the Scoundrel Christ* provoked heated debates and stirred a frenzy of controversy throughout the clerical and literary worlds alike with its bold retelling of the life of Jesus Christ. In this remarkable piece of fiction, famously atheistic author Philip Pullman challenges the events of the Gospels and puts forward his own compelling and plausible version of the life of Jesus. Written with unstinting authority, *The Good Man Jesus and the Scoundrel Christ* is a pithy, erudite, subtle, and powerful book by a beloved author, a text to be read and reread, studied and unpacked, much like the Good Book itself. This booklet reveals to the reader the power behind speaking in tongues. It is high time that the Church of Jesus Christ re-discovered the secret of speaking in tongues. The subject has a lot of benefits for every child of God and that is why the enemy has somehow hidden the truth behind it. But no more it is time we discovered why Christ told the church that one of the signs of knowing believers is their tongue-speaking ability.

hear Jesus speak understanding and insight into the lingering questions we all have about the hurts of life: What was God's involvement in this, and why did he let it happen? Why hasn't God answered my prayers for a miracle? Can I expect God to protect me? Does God even care? According to Nancy, this questioning is not a bad thing at all but instead an opportunity. It's a chance to hear with fresh ears the truth in the promises of the gospel we may have misapplied. It lets us retune our souls to the purposes of God we may have misunderstood. Jesus still exists and is and has always been available to those who are open to him. In this channeled book, Jesus speaks to us from another dimension to awaken Christ Consciousness within us. Christ Consciousness refers to enlightenment or the realization of our oneness with all and our inherent divinity, exemplified by Jesus Christ. Jesus lived what he taught, and he taught from a higher consciousness, one free of ego. Jesus was an example of what we all can be, a model of what is possible for every human being, and the messages in this book show us how we can become more Christ-like and live as he did. These messages are also intended to give you the experience of having a relationship with Jesus, as he speaks to you as if you were sitting in his presence. The channeled messages from Jesus, which this book is based on, were part of weekly online video meetings, where Gina Lake and her husband, who is also a nondual spiritual teacher, give what they call Christ Consciousness energy transmissions. The channeled messages from Jesus were given before the transmission to prepare, teach, and inspire those who are there to receive the transmission. Many report feeling a transmission come through these channeled messages as well.

Did Jesus speak Greek? An affirmative answer to the question will no doubt challenge traditional presuppositions. The question relates directly to the historical preservation of Jesus's words and theology. Traditionally, the authenticity of Jesus's teaching has been linked to the recovery of the original Aramaic that presumably underlies the Gospels.

The Aramaic Hypothesis infers that the Gospels represent theological expansions, religious propaganda, or blatant distortions of Jesus's teachings. Consequently, uncovering the original Aramaic of Jesus's teachings will separate the historical Jesus from the mythical personality. G. Scott Gleaves, in *Did Jesus Speak Greek?*, contends that the Aramaic Hypothesis is inadequate as an exclusive criterion of historical Jesus studies and does not aptly take into consideration the multilingual culture of first-century Palestine. Evidence from archaeological, literary, and biblical data demonstrates Greek linguistic dominance in Roman Palestine during the first century CE. Such preponderance of evidence leads not only to the conclusion that Jesus and his disciples spoke Greek but also to the recognition that the Greek New Testament generally and the Gospel of Matthew in particular were original compositions and not translations of underlying Aramaic sources.
