But his life story was every bit as extraordinary and dramatic as the musicians he looked after. For the first time ever, the Grant family have allowed an author access to previously unseen correspondence and photographs to help build the most complete and revealing story yet of a man who was a pioneer of rock music management, but also a son, a husband and a father. Published to coincide with Led Zeppelin's 50th anniversary, Bring It On Home charts Peter Grant's rise from wartime poverty through his time as a nightclub doorman, wrestler and bit-part actor to the birth of rock'n'roll in the 1950s. From here, it explores his pivotal role in the formation of Led Zeppelin and charts the impossible highs and lows of life on the road with rock's most outrageous band. Bring It On Home includes almost 100 new interviews with family members, friends, musicians and rival managers, and walk-on parts for Sharon Osbourne, Bob Dylan, Stanley Kubrick, Freddie Mercury, Elizabeth Taylor, the FBI, the CIA, the Mafia - and Elvis Presley. As Grant's son Warren says now: 'My dad knew everyone.' It is the first biography to reveal the truth behind Led Zeppelin's demise, Grant's subsequent fall from grace amid death threats and the shadow of organised crime, and his final days as a man who shunned the excesses of the music industry in favour of his friends and family. With access to several previously unpublished interviews - including Grant's last and most revealing yet - Bring It On Home sheds new light on the story of rock's greatest manager and one of the giants of modern music history. Each of these three plays takes as its kernel a news story from the past that captured the imagination of New Zealanders. In Horseplay novelist Ronald Hugh Morrieson and poet James K. Baxter meet and share the stage with the rear end of a horse, while in Flipside four sailors confront the elements for 119 days, adrift on the overturned boat Rose-Nolle. Finally, Trick of the Light revisits the infamous Crewe murders when a brother and sister bring their mother's ashes to a motel room that hasn't been opened in three decades.

Years ago, somewhere on the Internet, I posted a few dumb drawings making fun of my own anxiety and depression. The response to them was warmer than anticipated, and people kept asking for more. Blending humor with pure depression seemed to strike a chord with a decent amount of people. So I kept going, and after about three years of drawing, I had enough dumb drawings for a book. Mental health is a serious thing, and it gets heavier when humans don't talk about it outwardly. I bottled up feelings for many years. Feelings I considered "dark", "weak", "downhearted", "embarrassing", "shameful" or any number of self-deprecating words. But after saying (or drawing) them out loud to people, all that weight went away and I realized it was normal to feel these feelings. Humor has always been a primary mode of therapy for me. I still make fun of my own anxiety and "depresh" as catharsis. I sing about it on tour, talk about it on my podcast, and draw pictures of it here in this book. Putting my formerly-private-feelings out into the world has been tremendous therapy for me, and I wish I would've done it sooner. Over the span of many years, I've been illustrating the "hacks", "strategies", or "exercises" that have worked best for me in combating the struggles in my head. More than anything I want this book to be useful for people. I'm not a doctor, just a person who spends too much time in my head. The objective of It's Hard to Be a Person is not to give unsolicited advice, but to hopefully save you some headaches on the long n' winding road of life in your brain.

In Seeking Shade, ordinary situations are imbued with extraordinary emotion as women and men explore identity and independence, navigate complicated relationships and confront the fallibility of mind and body. For more than sixty years, Partisan Review has been the most influential literary and cultural journal in America, home to some of this century's finest writers. A Partisan Century now collects the journal's greatest political essays from the 1930s to the present. The list of writers collected here is a virtual who's who of American and European intellectual culture in the past half century. Leon Trotsky, James T. Farrell, Irving Howe, Hannah Arendt, Norman Mailer, C. Wright Mills, Arthur Schlesinger Jr., Nat Hentoff, Steven Marcus, Andrei Sakharov, and many more. A Partisan Century gathers together some of the journal's most outstanding moments: from George Orwell's "London Letter," written when invasion by Nazi Germany seemed imminent; to Susan Sontag's 1964 essay, "Notes on 'Camp'," a harbinger to the age of postmodernism; to Steven Marcus's "Soft Totalitarianism," part of a rousing symposium on the effects of political correctness. On the subjects ranging from the Cold War to the neoconservatives, from the war in Vietnam to revolutionaries in Romania, the writings in A Partisan Century are a barometer of the shifts in global politics in the twentieth century.

Based on his award-winning doctoral dissertation, Gary Foley chronicles the development of the Black Power Movement within the Australian Aboriginal community and the 1972 Aboriginal Embassy. Focussing on a specific and under-researched period that was crucial in Australian history, Foley challenges the prevailing academic understandings of this period and overturns many of the popular misconceptions. His research shows that as a participant and historian, an innovative approach can be found to reveal the achievements and legacy of Aboriginal activism. Foley's dissertation is a seminal piece of Australian political history, unique in its autobiographical approach, and steeped in academic practice. It was awarded a Chancellor's Prize for Excellence in the PhD thesis in the Humanities, Creative Arts and Social cluster at the University of Melbourne in 2014.

Journalist and law professor Rosa Brooks goes beyond the "blue wall of silence" in this radical inside examination of American policing In her forties, with two children, a spouse, a dog, a mortgage, and a full-time job as a tenured law professor at Georgetown University, Rosa Brooks decided to become a cop. A liberal academic and journalist with an enduring interest in law's troubled relationship with violence, Brooks wanted the kind of insider experience that would help her understand how police officers make sense of their world--and whether that world can be changed. In 2015, against the advice of everyone she knew, she applied to become a sworn, armed reserve police officer with the Washington, DC, Metropolitan Police Department. Then as now, police violence was constantly in the news. The Black Lives Matter movement was gaining momentum, protests wracked America's cities, and each day brought more stories of cruel, corrupt cops, police violence, and the racial disparities that mar our criminal justice system. Lines were being drawn, and people were taking sides. But as Brooks made her way through the police academy and began work as a patrol officer in the poorest, most crime-ridden neighborhoods of the nation's capital, she found a reality far more complex than the headlines suggested. In *Tangled Up in Blue*, Brooks recounts her experiences inside the usually closed world of policing. From street shootings and domestic violence calls to the behind-the-scenes police work during Donald Trump's 2016 presidential inauguration, Brooks presents a revelatory account of what it's like inside the "blue wall of silence." She issues an urgent call for new laws and institutions, and argues that in a nation increasingly divided by race, class, ethnicity, geography, and ideology, a truly transformative approach to policing requires us to move beyond sound bites, slogans, and stereotypes. An explosive and groundbreaking investigation, *Tangled Up in Blue* complicates matters rather than simplifies them, and gives pause both to those who think police can do no wrong--and those who think they can do no right.

Bob Dylan has always regarded himself as a songwriter: 'I am my words,' he wrote in 1964. Distilling a lifetime's passion and study, leading Dylan author, Clinton Heylin charts the development and first moments of genius of this unique artist whose songs changed the world. From his first attempts at writing, *Song to Bridget*, in 1957, (apparently for Brigitte Bardot) Bob Dylan always aspired to poetry, yet his role as a writer rather than a performer of his own songs is often overlooked. In over fifty years of creativity he had penned some of the most iconic, and perfect, songs in popular history. Arriving in New York in 1961, the city had an enormous impact on the young artist and, as he established himself amongst the folk clubs and artists, he would produce songs that spoke for a whole generation: *Blowing in the Wind*, *A Hard Rain's Gonna Fall*, *The Times They Are a Changin'*, *Like a Rolling Stone*, and *Forever Young*. In *Revolution in the Air* Clinton Heylin recounts the story of each song as it is written, giving a full appreciation of the songs themselves as well as Dylan the emerging artist. Unlike any other book on Dylan, it charts his rise as a writer, where he gained his inspiration, the burst of energy which produced some of his most famous songs as well as the lesser known stories behind the more iconic verses. This is an essential book for anyone interested in Dylan and his place in literature. Informative, opinionated, packed with new insights and revelations, this is an instant classic.

Winner of the NOBEL PRIZE in Literature 2016 For the first time, a comprehensive, definitive collection of lyrics of music legend and poet Bob Dylan, complete with expert annotations. A major publishing event - a beautiful, comprehensive collection of the lyrics of Bob Dylan with artwork from thirty-three albums, edited and with an introduction by Christopher Ricks. As it was well put by Al Kooper (the man behind the organ on 'Like a Rolling Stone'), 'Bob is the equivalent of William Shakespeare. What Shakespeare did in his time, Bob does in his time.' Christopher Ricks, editor of T. S. Eliot, Samuel Beckett, Tennyson, and The Oxford Book of English Verse, has no argument with Mr. Kooper's assessment, and Dylan is attended to accordingly in this authoritative edition of his lyrics. In the words of Ricks: 'For fifty years, all the world has delighted in Bob Dylan's books of words and more than words: provocative, mysterious, touching, baffling, not-to-be-pinned-down, intriguing, and a reminder that genius is free to do as it chooses. And, again and again, these are not the words that he sings on the initially released albums.' This edition changes things, giving us the words from officially released studio and live recordings, as well as selected variant lyrics and revisions to these, recent revisions and retrospective ones; and, from the archives, words that, till now, have not been published. The Lyrics, edited with diligence by Christopher Ricks, Lisa Nemrow, and Julie Nemrow. As set down, as sung, and as sung again.

In this New York Times bestseller and longlist nominee for the National Book Award, "our greatest living chronicler of the natural world" (The New York Times), David Quammen explains how recent discoveries in molecular biology affect our understanding of evolution and life's history. In the mid-1970s, scientists began using DNA sequences to reexamine the history of all life. Perhaps the most startling discovery to come out of this new field—the study of life's diversity and relatedness at the molecular level—is horizontal gene transfer (HGT), or the movement of genes across species lines. It turns out that HGT has been widespread and important; we now know that roughly eight percent of the human genome arrived sideways by viral infection—a type of HGT. In *The Tangled Tree*, "the grandest tale in biology...David Quammen presents the science—and the scientists involved—with patience, candor, and flair" (Nature). We learn about the major players, such as Carl Woese, the most important little-known biologist of the twentieth century; Lynn Margulis, the notorious maverick whose wild ideas about "mosaic" creatures proved to be true; and Tsutomu Wantanabe, who discovered that the scourge of antibiotic-resistant bacteria is a direct result of horizontal gene transfer, bringing the deep study of genome histories to bear on a global crisis in public health. "David Quammen proves to be an immensely well-informed guide to a complex story" (The Wall Street Journal). In *The Tangled Tree*, he explains how molecular studies of evolution have brought startling recognitions about the tangled tree of life—including where we humans fit upon it. Thanks to new technologies, we now have the ability to alter even our genetic composition—through sideways insertions, as nature has long been doing. "The Tangled Tree is a source of wonder...Quammen has written a deep and daring intellectual adventure" (The Boston Globe).

Another intoxicating mystery featuring brew pub owner Maxine "Max" O'Hara—from the author of *To Brew or Not to Brew. BEER TODAY, GONE TOMORROW...* Brew pub owner Maxine "Max" O'Hara and her chef/boyfriend, Jake Lambert, are excited to be participating in the Three Rivers Brews and Burgers Festival. Max hopes to win the coveted Golden Stein for best craft beer—but even if she doesn't, the festival will be great publicity for her Allegheny Brew House.

Or will it? When notoriously nasty food and beverage critic Reginald Mobley is drafted as a last-minute replacement judge, Max dreads a punishing review. Her fears are confirmed when Mobley literally spits out her beer, but things get even worse when the cranky critic drops dead right after trying one of Jake's burgers. Now an ambitious new police detective is determined to pin Mobley's murder on Max and Jake, who must pore over the clues to protect their freedom and reputations—and to find the self-appointed judge, jury, and executioner.

I am Axios of Sparta, and I was born to kill. At age seven, I left home to train with other boys where we were taught obedience, solidarity, military strategy, and how to withstand pain. My harsh upbringing stripped me of my weaknesses and forced me to become strong. Ruthless. But, I craved something greater—a life I could never have. Against all odds, and the toughest training a warrior could endure, I found an unexpected love in the arms of a fellow Spartan. He was the very air I breathed and the water that sustained me. Fighting side by side with him, we were invincible. Where he went, I followed. However, there was no place for love in Sparta. Feelings were for the weak. The only life for a Spartan was one of battle and brutality with no guarantee of tomorrow. In times of war, all men were put to the test, but the greatest challenge for us was not one of swords and spears, but of the heart.

I have debts to pay and secrets to keep. When someone threatens my life, I crash into him: Jackson Ludlow The recluse billionaire of New York Once, he had everything a man could want. Then, he lost the only thing that he ever loved. So, he spent four years holed up in his mansion doing the only thing he knew how to do: make money. We are all wrong for each other. He's cold, uninterested and demanding. I'm impatient and inexperienced. The only thing we have in common is that we both have secrets. And the closer we get, the more they threaten to destroy us. On October 13, 2016, Bob Dylan was awarded the Nobel Prize in Literature, recognizing his countless contributions to music and letters over the last fifty years. Some months later, he delivered an acceptance lecture that is now memorialized in book form. In 'The Nobel Lecture', Dylan reflects on his life and experience with literature, providing both a rare artistic statement and an intimate look at a uniquely American icon. From finding inspiration in the music of Buddy Holly and Leadbelly to the works of literature that helped shape his own approach to writing - 'The Odyssey', 'Moby-Dick', and 'All Quiet on the Western Front' - this is Dylan like you've never seen him before.

When seventh grade enemies research a missing set of jewels for a class project, they realize that the answers to the unsolved case might be much closer to home than they thought in this fun-filled mystery for fans of *The Book Scavenger* and *Lemons*. If you told Sloane Osburn and Amelia Miller-Poe that they'd be hiding in their town cemetery from an evil mastermind, they would have been hard-pressed to believe you. If you also told them that person was intent on beating them to a cache of long-lost jewels using nothing more than a slingshot and wicked aim, they'd have been sure you got your facts wrong. Finally, if you told them they'd be doing all of this as friends...well, they would have been sure you needed medical attention. Whether through serendipity (really, really good luck) or zemblanity (really, really bad luck), someone tricked their teacher into using their seventh-grade class to investigate the mystery of their town's long-missing treasure. From there, things have escalated. Quickly. Now, the girls are stuck hiding behind a gravestone, dodging acorns (who knew acorns could be so threatening?), and just a few clues short of those jewels. It's up to these enemies-turned-partners to uncover centuries-old clues to find the treasure at the end of this book before the mysterious person

on their trail can get to it first...
