Each book in the True Horse Stories focuses on a contemporary horse from a different part of the world, and each animal is, in his or her own way, a hero. PBJ Decks Smokin Gun (Gunner) is an American Paint Horse, one of the many of Heather Lott Goodwin's herd, and a valuable show animal that won the World Championship Paint Horse title. When Hurricane Katrina passed over the Goodwin property, it took with it the fences, the cattle, and several horses. Heather and her family lived in their horse trailer for six weeks and considered themselves lucky to have safe, comfortable shelter. After the storm, they searched for the animals and recovered many of them. But three months passed before they located Gunner, a hundred miles away. They were told he was in terrible shape and should be put down. Nevertheless, Heather drove on washed-out roads to bring him home, starving, dehydrated, and blind in one eye. With the help of a vet and her mother, she nursed him back to health. Amazingly, nine months later, he was well enough to compete again in the World Championship Paint Horse Show. Gunner's story is a testament to love and to determination.

'I have heard men say, that seeing is believing; but I should say that feeling is believing.' Anna Sewell's famous 'Autobiography of a Horse,' published in 1877, is one of the bestselling novels in English. It was written not for children, but to expose and prevent cruelty to horses, and is a classic of Victorian literature that continues to captivate readers young and old. Black Beauty's moving story recounts his idyllic colthood and his experiences at the hands of a variety of owners, good and bad. Describing his life as a horse in Victorian England, he tells of his equine companions and human carers, and of the unthinking brutality to which horses were often subjected. A sympathetic hero who faces danger and excitement, Black Beauty never wavers in his principles, and the powerful lessons he teaches influenced animal welfare in England and America. This edition restores the original 1877 text and explores the multiple ways in which the novel has been read: as accessible horse-care manual, protest novel, feminist text, autobiography, slave narrative, and classic animal story. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

After the Black attacks another horse, Alec realizes that the once-wild horse needs more space and freedom, so they head out west to a huge ranch. One of the most popular animal stories of all time, Anna Sewell's Black Beauty was first published in 1877. Drawn from the original text and intended for even the youngest of horse lovers, Black Beauty's Early Days in the Meadow depicts the first few months of the horse's life as a foal frolicking in the meadow. Artist Jane Monroe Donovan renders the classic story in lush oil paintings that convey a pastoral world of green

fields and shady trees, while tenderly capturing the special love between mare and foal. The perfect harmony of words and pictures proves once again that the simplest messages are often the strongest. Readers will relish the sweetness of life in the meadow and the companionship of family and friends.

Because of his unruly nature and unpredictable behavior, Black Storm, the son of the Black Stallion, may have to be sold, unless Alex Ramsey can prove that the magnificent animal can indeed be a champion.

"You're in luck, Alfred," he declared. "That's the most interesting man in New York-one of the most interesting in the world. That's Sanford Quest." "Who's he?" "You haven't heard of Sanford Quest?" "Never in my life." The young man whose privilege it was to have been born and lived all his days in New York, drank half a glassful of wine and leaned back in his chair. Words, for a few moments, were an impossibility. "Sanford Quest," he pronounced at last, "is the greatest master in criminology the world has ever known. He is a magician, a scientist, the Pierpont Morgan of his profession." "Say, do you mean that he is a detective?" The New Yorker steadied himself with an effort. Such ignorance was hard to realise-harder still to deal with. "Yes," he said simply, "you could call him that-just in the same way you could call Napoleon a soldier or Lincoln a statesman..."

Alec and the Black Stallion go to the Irish coast after the horse suffers a racing injury, and while there, they encounter a shape-shifting kelpie that engages them in a race to save the life of a local girl.

A trio of classic works chronicles the continuing adventures of Alec Ramsey and his mighty horse, the Black Stallion, in *The Black Stallion*, *The Black Stallion Returns*, and *Son of the Black Stallion*. Reprint.

Over the summer, chocolate rider Roz (as she likes to call herself) made big strides in her personal equestrian journey; she started a new business, beat her nemesis, Zoe, in her first-ever Beginner Novice event and won the support of her family - a family who didn't believe riding horses was a sport, let alone a sport in which Black people participated. After hearing a rumor that she will soon be getting her very own horse, Roz secretly prepares for her new equine partner, Gator. Though she quickly learns how tricky it can be planning for something that she's not supposed to know about. Focused on keeping a positive mindset, Roz presses on. During her preparations, Roz is tested by her family. They believe riding horses is not that hard, and make a bet that they can easily learn how to ride. As they are all athletes, Roz finds herself doubting her own riding abilities and fearing that her family may be right. On top of that, Roz has been paired with Zoe for a class project, forcing the enemies to put aside their differences for the sake of a good grade. If Roz can keep her plans secret, prove to her family that riding is harder than it looks, and work with Zoe without punching her in the face, this may be the best Christmas yet. It's not going to be easy, but with the help of her twin sister Estelle, her best friend Cristy, and her new friend Jazzy, it just might be possible.

This wonderfully illustrated book follows Gus in his adventure. This book is great for kid's imaginations and can be a good tool to help cope with a lost pet.
