

The International Whos Who 2017 Europa Biographical Reference

_____ As seen on Sky News All Out Politics 'There's no understanding global inequality without understanding its history. In *The Divide*, Jason Hickel brilliantly lays it out, layer upon layer, until you are left reeling with the outrage of it all.' - Kate Raworth, author of *Doughnut Economics* - The richest eight people control more wealth than the poorest half of the world combined. - Today, 60 per cent of the world's population lives on less than \$5 a day. - Though global real GDP has nearly tripled since 1980, 1.1 billion more people are now living in poverty. For decades we have been told a story: that development is working, that poverty is a natural phenomenon and will be eradicated through aid by 2030. But just because it is a comforting tale doesn't make it true. Poor countries are poor because they are integrated into the global economic system on unequal terms, and aid only helps to hide this. Drawing on pioneering research and years of first-hand experience, *The Divide* tracks the evolution of global inequality – from the expeditions of Christopher Columbus to the present day – offering revelatory answers to some of humanity's greatest problems. It is a provocative, urgent and ultimately uplifting account of how the world works, and how it can change for the better. A colourful and revealing look at more than 500 years of commerce conducted at the renowned Frankfurt Book Fair, from its beginnings in the Middle Ages. Even then, in spite of internal strife and religious upheaval, books were becoming increasingly accessible to those who found their way to Frankfurt to buy, sell, and promote. The fact that King Henry VIII sent Sir Thomas Bodley as his personal emissary to purchase books for the new library at Oxford University is an indication of the Fair's growing importance outside Germany. Through the ensuing centuries, the fortunes of the Fair waxed and waned; however, the period following the Second World War brought with it a new spirit of renewal that has yet to lose momentum. In recent years, increasing number of international book fairs have taken the Frankfurt model, and each is finding its own way to further enrich the world of books everywhere.

Homage to Catalonia is George Orwell's account of the Spanish Civil War. It was the last and most mature of Orwell's documentary books.

The 173rd annual edition of the internationally respected and renowned source book of information on people of influence and interest in every area of public life. *Who's Who 2021* is the 173rd edition of the world's longest established and most comprehensive general reference book, brought right up to date for the year ahead. The first autobiographical reference book in the world and, after 172 years, still the most accurate and reliable resource for information supplied and checked by the entrants themselves. "The famous red covers of *Who's Who* are exclusive and only the enduringly notable get into them... After a week with the new *Who's Who* (and though it's heavy to pick up) "you can't put it down"

best describes my feeling." - Matthew Parris, The Times 'The unrivaled compendium of the good and the great' - The Daily Telegraph 'Who's Who is a mirror in which society glimpses a reflection of its own achievement.' -The Times 'Britain's most famous reference book ...a biographical record of the great and the good.' - Daily Mail

The International Who's Who in Classical Music 2017 is a vast source of biographical and contact information for singers, instrumentalists, composers, conductors, managers and more. Each entrant has been given the opportunity to update his or her information for the new improved 2017 edition. Each biographical entry comprises personal information, principal career details, repertoire, recordings and compositions, and full contact details where available. Appendices provide contact details for national orchestras, opera companies, music festivals, music organizations and major competitions and awards. International Who's Who in Classical Music includes individuals involved in all aspects of the world of classical music: composers, instrumentalists, singers, arrangers, writers, musicologists, conductors, directors and managers. Key Features: - over 8,000 detailed biographical entries - covers the classical and light classical fields - includes both up-and-coming musicians and well-established names. This book will prove valuable for anyone in need of reliable, up-to-date information on the individuals and organizations involved in classical music.

WINNER OF THE CILIP CARNEGIE MEDAL 2017 It's early 1945 and a group of people trek across Germany, bound together by their desperation to reach the ship that can take them away from the war-ravaged land. Four young people, each haunted by their own dark secret, narrate their unforgettable stories. Fans of *The Book Thief* or Helen Dunmore's *The Siege* will be totally absorbed. This inspirational novel is based on a true story from the Second World War. When the German ship the *Wilhelm Gustloff* was sunk in port in early 1945 it had over 9000 civilian refugees, including children, on board. Nearly all were drowned. Ruta Sepetys, acclaimed author of *Between Shades of Grey*, brilliantly imagines their story. 'Ruta Sepetys is a master of historical fiction' Elizabeth Wein, author of *CODE NAME VERITY*

In response to the call of the 48th World Health Assembly for a substantial revision of the International Health Regulations, this new edition of the Regulations will enter into force on June 15, 2007. The purpose and scope of the Regulations are "to prevent, protect against, control and provide a public health response to the international spread of

disease in ways that are commensurate with and restricted to public health risks, and which avoid unnecessary interference with international traffic and trade." The Regulations also cover certificates applicable to international travel and transport, and requirements for international ports, airports and ground crossings.

WHO Classification of Tumours of Haematopoietic and Lymphoid Tissues is a Revised Fourth Edition of the WHO series on histological and genetic typing of human tumours. This authoritative, concise reference provides an international standard for oncologists and pathologists and will serve as an indispensable guide for use in the design of studies monitoring response to therapy and clinical outcome. Diagnostic criteria, pathological features, and associated genetic alterations are described in a strictly disease-oriented manner. Sections on all recognized neoplasms and their variants further include new ICD-O codes, epidemiology, clinical features, macroscopy, prognosis, and predictive factors. This classification, prepared by 132 authors from 23 countries, contains about 1300 color images and tables and more than 4500 references.

Relaxation while coloring. 30 impressive motifs. No annoying page inscriptions. With dividing lines for easy cutting. Empty backs. Suitable for fiber pens. www.practice-drawing.com

When you need to source accurate information on the past history, achievements and current activities of leading world figures, from heads of state to sporting greats, Europa's The International Who's Who 2018 provides the answer.

Published annually since 1935 The International Who's Who is your source for hard-to-find biographical details on over 25,000 of the world's most prominent and influential personalities. Featured personalities are regularly given the opportunity to update their entry, providing new information on education, artistic achievements, leisure interests, awards, contact details and much more. Also available online at www.worldwhoswho.com, featuring thousands of click-through web links and email addresses, and advanced search functions enabling users to search by name, nationality, place and date of birth and by profession.

The Europa Directory of International Organizations 2017 serves as an unequalled one-volume guide to the contemporary international system. Within a clear, unique framework the recent activities of all major international organizations are described in detail. Given alongside extensive background information the reader is able to assess the role and evolving functions of these organizations in today's world. The contact details, key personnel and activities of more than 2,000 international and regional entities have again been thoroughly researched and updated for this 18th edition. Highlights in this edition include: - a fully revised Who's Who section with biographical details of the key players in the international system. - the response of the international community to crises and conflicts throughout the world. - introductory essays, written and updated by experts in their field, which consider topics including global environmental

governance, the international criminal justice system, international humanitarian co-operation, and governance of the global economy.

This tenth edition of Who's Who in International Affairs provides, in one volume, biographical information on more than 6,000 people prominent in the fields of international politics, diplomacy, law and economic affairs throughout the world. As well as politicians and diplomats, the book also includes academics, think tank analysts, and journalists, among others, who are active in, or relevant to, the world of foreign affairs. Who's Who in International Affairs is thus an invaluable guide to the lives and careers of the most important figures in international affairs today. Each entry is clearly laid out, with the international figure's personal details, education, career, publications and contact information conveniently divided into sections. In addition to the biographical information, an extensive index section is included, where entrants are listed once by nationality and for many by selected organizations for which they work. Also provided is the Directory of Diplomatic Missions appendix that lists by country all embassies and diplomatic missions to other countries around the world, including missions to the United Nations. Listings include contact information and names of ambassador or head of mission.

This book offers a comprehensive yet accessible snapshot of the latest consumer research on the adoption and use of electric vehicles. It discusses the importance of developing a better understanding of consumer behavior in relation to electric vehicles, and the advantages that can be gained from the growing number of electric vehicle users, who can now be studied directly. In turn, it systematically analyzes the leading markets for electric vehicles in North America, Europe and Asia. Bringing together the experience and expertise of authoritative researchers and practicing professionals, the book shares a wide range of empirical data obtained at the national level and summarizes the general lessons learned. The last part of the book discusses policy-relevant insights, forecasts the future evolution of the field in terms of methods and data availability, and addresses several key questions that policymakers and other stakeholders are currently facing. Understanding the relationship between energy balance and obesity is essential to develop effective prevention programs and policies. The International Agency for Research on Cancer convened a Working Group of world-leading experts in December 2015 to review the evidence regarding energy balance and obesity, with a focus on low- and middle-income countries, and to consider the following scientific questions: (i) Are the drivers of the obesity epidemic related only to energy excess and/or do specific foods or nutrients play a major role in this epidemic? (ii) What are the factors that modulate these associations? (iii) Which types of data and/or studies will further improve our understanding? This book provides summaries of the evidence from the literature as well as the Working Group's conclusions and recommendations to tackle the global epidemic of obesity.

Combining the International Who's Who in Classical Music and the International Who's Who in Popular Music, this two-volume set provides a complete view of the whole of the music world. Within the International Who's Who in Classical Music, each biographical entry comprises personal information, principal career details, repertoire, recordings and compositions, and full contact details where available. Appendices provide contact details for national orchestras, opera companies, music festivals, music organizations and major competitions and awards. The International Who's Who in Popular Music boasts detailed entries, including full biographical information, such as principal career details, recordings and compositions, honours and contact information.

Regular physical activity is proven to help prevent and treat noncommunicable diseases (NCDs) such as heart disease, stroke, diabetes and breast and colon cancer. It also helps to prevent hypertension, overweight and obesity and can improve mental health, quality of life and well-being. In addition to the multiple health benefits of physical activity, societies that are more active can generate additional returns on investment including a reduced use of fossil fuels, cleaner air and less congested, safer roads. These outcomes are interconnected with achieving the shared goals, political priorities and ambition of the Sustainable Development Agenda 2030. The new WHO global action plan to promote physical activity responds to the requests by countries for updated guidance, and a framework of effective and feasible policy actions to increase physical activity at all levels. It also responds to requests for global leadership and stronger regional and national coordination, and the need for a whole-of-society response to achieve a paradigm shift in both supporting and valuing all people being regularly active, according to ability and across the life course. The action plan was developed through a worldwide consultation process involving governments and key stakeholders across multiple sectors including health, sports, transport, urban design, civil society, academia and the private sector. Human rights are essential to global health, yet rising threats in an increasingly divided world are challenging the progressive evolution of health-related human rights. It is necessary to empower a new generation of scholars, advocates, and practitioners to sustain the global commitment to universal rights in public health. Looking to the next generation to face the struggles ahead, this book provides a detailed understanding of the evolving relationship between global health and human rights, laying a human rights foundation for the advancement of transformative health policies, programs, and practices. International human rights law has been repeatedly shown to advance health and wellbeing - empowering communities and fostering accountability for realizing the highest attainable standard of health. This book provides a compelling examination of international human rights as essential for advancing public health. It demonstrates

how human rights strengthens human autonomy and dignity, while placing clear responsibilities on government to safeguard the public's health and safety. Bringing together leading academics in the field of health and human rights, this volume: (1) explains the norms and principles that define the field, (2) examines the methods and tools for implementing human rights to promote health, (3) applies essential human rights to leading public health threats, and (4) analyzes rising human rights challenges in a rapidly globalizing world. This foundational text shows why interdisciplinary scholarship and action are essential for health-related human rights, placing human rights at the center of public health and securing a future of global health with justice.

When you need to source accurate information on the past history, achievements and current activities of leading world figures, from heads of state to sporting greats, Europa's The International Who's Who 2021 provides the answer. Published annually since 1935 The International Who's Who is your source for hard-to-find biographical details on over 25,000 of the world's most prominent and influential personalities. Featured personalities are regularly given the opportunity to update their entry, providing new information on education, artistic achievements, leisure interests, awards, contact details and much more. "This text provides students with current information on various global health topics. Written by academic authors, scientists, and health practitioners, the text prepares students with a basic perspective of health policy issues from various geographical regions and explains how they are affected by significant world events. The text addresses international health and healthcare at both the undergraduate and graduate levels"--

Who's Who 2017 is the 169th edition of the world's longest established and most comprehensive general reference book, brought right up to date for the year ahead. The first autobiographical reference book in the world and, after 169 years, still the most accurate and reliable resource for information supplied and checked by the entrants themselves. 'The famous red covers of Who's Who are exclusive and only the enduringly notable get into them..After a week with the new Who's Who (and though it's heavy to pick up) "you can't put it down" best describes my feeling.' - Matthew Parris, The Times 'The unrivalled compendium of the good and the great' - The Daily Telegraph 'Who's Who is a mirror in which society glimpses a reflection of its own achievement.' -The Times 'Britain's most famous reference book ...a biographical record of the great and the good.' - Daily Mail

There's never been a greater likelihood a company and its key people will become embroiled in a cross-border investigation. But emerging unscarred is a challenge. Local laws and procedures on corporate offences differ extensively

- and can be contradictory. To extricate oneself with minimal cost requires a nuanced ability to blend understanding of the local law with the wider dimension and, in particular, to understand where the different countries showing an interest will differ in approach, expectations or conclusions. Against this backdrop, GIR has published the second edition of The Practitioner's Guide to Global Investigation. The book is divided into two parts with chapters written exclusively by leading names in the field. Using US and UK practice and procedure, Part I tracks the development of a serious allegation (whether originating inside or outside a company) - looking at the key risks that arise and the challenges it poses, along with the opportunities for its resolution. It offers expert insight into fact-gathering (including document preservation and collection, witness interviews); structuring the investigation (the complexities of cross-border privilege issues); and strategising effectively to resolve cross-border probes and manage corporate reputation. Part II features detailed comparable surveys of the relevant law and practice in jurisdictions that build on many of the vital issues pinpointed in Part I.

The International Who's Who in Popular Music 2002 offers comprehensive biographical information covering the leading names on all aspects of popular music. It brings together the prominent names in pop music as well as the many emerging personalities in the industry, providing full biographical details on pop, rock, folk, jazz, dance, world and country artists. Over 5,000 biographical entries include major career details, concerts, recordings and compositions, honors and contact addresses. Wherever possible, information is obtained directly from the entrants to ensure accuracy and reliability. Appendices include details of record companies, management companies, agents and promoters. The reference also details publishers, festivals and events and other organizations involved with music.

For almost 30 years, scholars and advocates have been exploring the interaction and potential between the rights and well-being of women and the promise of international law. This collection posits that the next frontier for international law is increasing its relevance, beneficence and impact for women in the developing world, and to deal with a much wider range of issues through a feminist lens.

The International Year Book and Statesmen's Who's Who is published in September each year. This unique single-volume reference work is a unique, authoritative and esteemed source of information on:- All countries of the world, including territories and federal states;- All significant international and national organisations;- Comprehensive biographical profiles. The work is thoroughly revised annually. It is an invaluable reference source for anyone interested in international affairs or international business and is used by governments, MPs, embassies, libraries and IGOS. It is the only directory that includes profiles of international organisations, states of the world and extensive biographies in one volume. Full colour flags are included along with a table detailing country memberships of international organisations and

a calendar of forthcoming elections.

Who's Who 2018 is the 170th edition of the world's longest established and most comprehensive general reference book, brought right up to date for the year ahead. The first autobiographical reference book in the world and, after 169 years, still the most accurate and reliable resource for information supplied and checked by the entrants themselves. Praise for previous editions: "The famous red covers of Who's Who are exclusive and only the enduringly notable get into them..After a week with the new Who's Who (and though it's heavy to pick up) 'you can't put it down' best describes my feeling." -Matthew Parris, The Times "The unrivalled compendium of the good and the great." -The Daily Telegraph "Who's Who is a mirror in which society glimpses a reflection of its own achievement." -The Times "Britain's most famous reference book . . . a biographical record of the great and the good." -Daily Mail

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Have you ever been frustrated that arbitration folk aren't more numerate? The Guide to Damages in International Arbitration is a desktop reference work for those who'd like greater confidence when dealing with the numbers. This second edition builds upon last year's by updating and adding several new chapters on the function and role of damages experts, the applicable valuation approach, country risk premium, and damages in gas and electricity arbitrations. This edition covers all aspects of damages - from the legal principles applicable, to the main valuation techniques and their mechanics, to industry-specific questions, and topics such as tax and currency. It is designed to help all participants in the international arbitration community to discuss damages issues more effectively and communicate them better to tribunals, with the aim of producing better awards. The book is split into four parts: Part I - Legal Principles Applicable to the Award of Damages; Part II - Procedural Issues and the Use of Damages Experts; Part III - Approaches and Methods for the Assessment and Quantification of Damages; Part IV - Industry-Specific Damages Issues

Now in its 32nd edition, this title is a comprehensive and practical source of biographical information on the key personalities and organizations of the literary world, whether world-famous or lesser known. This descriptive directory is revised annually by our editorial team and all entrants are given the opportunity to update their career details, publications and contact information.

Read Book The International Whos Who 2017 Europa Biographical Reference

Key Features: - each entry provides full career history and publication details - appendices section lists international prizes, organizations and poetry publications, lists of Poets Laureate.

Accessible and student-friendly, Global Gender Politics analyzes the gendered divisions of power, labor, and resources that contribute to the global crises of representation, violence, and sustainability. The author emphasizes how hard-won attention to gender and other related inequalities in world affairs is simultaneously being jeopardized by new and old authoritarianisms and depoliticized through reducing gender to a binary and a problem-solving tool in global governance. The author examines gendered insecurities produced by the pursuit of international security and gendered injustices in the global political economy and sees promise in transnational struggles for global justice. In this new re-titled edition of a foundational contribution to the field of feminist International Relations, Anne Sisson Runyan continues to examine the challenges of placing inequalities and resisting injustices at the center of global politics scholarship and practice through intersectional and transnational feminist lenses. This more streamlined approach includes more illustrations and discussions have been updated to reflect current issues. To provide more support to instructors and readers, Global Gender Politics is accompanied by an e-resource, which includes web resources, suggested topics for discussion, and suggested research activities also found in the book.
