They are coming. The countdown has begun. First visible only as blips on a telescope image, the discovery of objects approaching from Jupiter orbit immediately sets humanity on edge. NASA doesn't even bother to deny the alien ships' existence. The popular Astral space app (broadcasting from the far side of the moon and accessible by anyone with internet) has already shown the populace what is coming. So the news has turned from evasion to triage, urging calm and offering the few facts they have: The objects are enormous, perfectly round spheres numbering in the dozens, maybe hundreds. They are on an approach vector for Earth. And they will arrive in six days. Fear simmers. Meyer Dempsey - mogul, wealthy entrepreneur, arrogant and always in charge - is in New York, on the phone with his ex-wife in LA when the news breaks. He can hear tension in the voices of reporters and experts chronicling all that's known and unknown. But even while those supposedly in charge restrain their own panic, Meyer finds he recognizes bits and pieces of what the world is facing. He's seen this in dreams - in visions of another place. He knows where he and his family must go. He has prepared ... though he never knew until now what he'd been preparing for. He knows only they cannot hesitate. They must run to their safe haven in the Colorado mountains. Now. Before society shatters into chaos, and it all falls apart. Fear rises. Meyer has been taking steps for months, and has made preparations: a trove of supplies, a van stocked for the worst, a Gulfstream waiting at a small airstrip in Jersey. But he hasn't yet been able to take the final and most important step: moving the family to Colorado, where every contingency is covered. The networks stay on-air longer than expected, creating a farce of calm. But those with means have already begun to scramble as Meyer gathers his wife Piper and his two teenage children and begins their race toward that compound, toward safety. There is no time for hesitation, regret, or pity. Soon, pundits begin to ask questions hard enough to tip those who've thus far stayed calm out of their complacency, inciting chaos: What do the beings inside the ships want? What will they do when they arrive? And what if the scientists are wrong, and the spheres aren't decelerating? Will they strike the planet, raising clouds of extinction dust? Will they knock the Earth off its axis? Is this a prelude to an alien invasion? An alien war? An alien apocalypse? The first domino in the birth of a new alien empire? Fear erupts. Panic, once it breaches the thin crust of civilized society, spreads like a virus. Meyer knows only one thing, and it's a truth that has perched atop his mind like a psychic obsession: When the ships arrive, his family must be at the Colorado compound or all will be lost. The space fleet in itself doesn't matter. The disintegration on the surviving news outlets does not matter. Reports that Las Vegas has been set ablaze do not matter. The fate of humanity, in Meyer's eyes, doesn't matter. All that matters is Piper. Trevor. Delilah. And Meyer's ex-wife Heather, coming to the same destination from the west - a woman who remains his best friend, and his secret lover. Rioting spills into the highways as time ticks away. Unrest boils in both city and hinterlands. But Meyer's obsession to reach Vail is single-minded, guided with the focus of a far-seeing nightmare. Gangs can ground his plane, threaten his vehicles, and steal his belongings. But nothing will stand between Meyer's family and their haven ... and Meyer will kill his way to Colorado if he has to. This relentless, page-turning tale of apocalyptic dawn is the first in the alien invasion series by masters of story Truant and Platt, authors of *The Beam*, *Robot Proletariat*, the *Dream Engine* series, and many more.

As the death toll mounts, desperate calls for help are ignored by a Secretary of State determined to manipulate the crisis for her own political ends. souls to meet, there's not one single thing on earth which can prevent them from getting together, no matter where each are located, even if it comes in the form of a black panther that's 200 years old!" Book 1: The Flaming Blue Sword Angelica Thompson, an award-winning romance novelist, decides to end her turbulent relationship back home in Denver and heads to a secluded spot on the shores of Black Rock Cove in Oregon. Writer's block is preventing her from finishing her last novel in her paranormal romance series and is being pressured by her publisher, BeeBop Publishing, to finish by the end of the summer. She discovered the first night of her arrival how vividly her mind's thoughts and dreams came alive. Her imagination of a dead sea captain, a black panther pouncing on her for his evening meal, and falling to her death in a cove hundreds of feet below are only the beginning. Janie, a local real estate agent, awakens the young woman in her cottage. Was she awakened during a dream or... could it be real? Book 2: Nine Months Will Tell

Continuation of the Storm Lord Trilogy in Chapter Two finds Angelica Thompson and Sheriff Kevin Connors expecting their first child. Her pregnancy comes as a surprise to her and Kevin because it is precisely nine months after their defeat of Ethan Knight in Chapter One of the Storm Lord Trilogy series. The question now that arises for the two love-birds is whether the Storm Lord lost his life in their final battle in the first of the series or did he, somehow, survive the epic encounter. Throughout the book, significant events taking place appear to threaten the life of Angel's first child. Is she too old, past the age of 39, to give birth? She wonders if it's just her age. Is there a problem with her child? Book 3: The Three Keys to Armageddon For this final chapter in the Storm Lord Trilogy Series, love must begin between a human and a supernatural being. This happens. The hero, the human character in this novel, is put into some kind of danger, where they come to realize they can overcome this danger either on their own or with the assistance of the supernatural love interest! Using the rich background of the spiritual world of Archangels Michael and his Sword of Angels and Gabriel with his trumpet of victory as the background, Sidney St. James' Storm Lord Trilogy Series pursues the return of Satan himself with a paranormal world of evil versus good filled with fascinating characters. The ever-moving series' sharp dialogue, highly original plotlines, and a stylistic flair are as rhythmic and vibrant as his earlier works. Through James' fertile imagination, these three novels in the series are provocative, confrontational, and contain highly ingenious twists and turn into the unexpected, but always with a healthy dose of humor, not to mention romance.

No-one trusts humanity. No-one can quite understand why we're intent on destroying the only place we have to live in the Universe. No-one thinks we're worth a second thought. And certainly no-one is about to let us get off Rrth. That would be a complete disaster. But one alien thinks Rrth is worth looking at. Not humanity, obviously, we're appalling, but until we manage to kill every other living thing on the planet there are some truly wonderful places on Rrth and some wonderful creatures living in them. Best take a look while they're still there. But on one trip to Rrth our alien biologist causes a horrendous accident. The occupants of a car traveling down a lonely road spot his ship (the sort of massive lemon coloured, lemon shaped starship that really shouldn't be hanging in the sky over a road). Understandably the Bradbury's crash (interrupting the latest in a constant procession of bitter rows). And in the wreckage of their car our alien discovers a baby girl. She needs rescuing. From the car. From Rrth. From her humanity. And now eleven years later a girl called Terra is about to go to school for the first time. It's a very alien experience ... Terra is a charming and hilarious satirical fable. A story about how odd and alien we are. And a story about how human odd aliens are. It tells the story of a girl who grows up in a very different world, who gains a unique perspective on our world and a unique perspective on her new home. A girl who can teach us and them a lot. A girl living in an extraordinary world that is spiraling into a terrible war. Atkinson skillfully guides his younger audience through the events leading up to, and of, the momentous day in this photo-illustrated adaptation. Perfect for history buffs and newcomers to the topic alike! This thoroughly-researched and documented book can be worked into multiple aspects of the common core curriculum.

Gladiator meets Romeo and Juliet in this "spellbinding fantasy" trilogy (Kirkus Reviews) set in ancient Persia! They are the light against the darkness. The steel against the necromancy of the Druj. And they use demons to hunt demons.... Nazafareen lives for revenge. A girl of the isolated Four-Legs Clan, all she knows about the King's elite Water Dogs is that they leash wicked creatures called daevas to protect the empire from the Undead. But when scouts arrive to recruit young people with the gift, she leaps at the chance to join their ranks. To hunt the monsters that killed her sister. Scarred by grief, she's willing to pay any price, even if it requires linking with a daeva named Darius. Human in body, he's possessed of a terrifying power, one that Nazafareen controls. But the golden cuffs that join them have an unwanted side effect. Each experiences the other's emotions, and human and daeva start to grow dangerously close. As they pursue a deadly foe across the arid waste of the Great Salt Plain to the glittering capital of Persepolae, unearthing the secrets of Darius's past along the way, Nazafareen is forced to question his slavery—and her own loyalty to the empire. But with an ancient evil stirring in the north, and a young conqueror sweeping in from the west, the fate of an entire civilization may be at stake... So begins an epic story of adventure, romance and betrayal that leads to undiscovered magical realms and a final confrontation with a demon queen bent on destroying them all. Praise for the Fourth Element Trilogy "A spellbinding fantasy with some moral weight and a meatier narrative than usual, one likely to leave readers quite satisfied... This tale's grand scope is set off beautifully by its intimate start. The story grows wonderfully from such a small seed, and it is the moral and subjective implications of the vastness and impersonality of the Empire that work so well to drive the narrative. The plot builds effectively, and maintains a swift pace. Nazafareen's initial simplistic motivation, hatred, becomes complicated by her link to Darius, and evolves into something much more intriguing and complex. This transition is helped by the clarity with which the characters are drawn. The immensity of the Empire occasionally threatens to smother the personal tale at the heart of the story, but, like shadows around a candle flame, it never quite manages that feat." -Kirkus Reviews "Fantasy lovers who enter this world will be wooed by its expansive world-building, soul-crushing romance, deeply layered characters, and page-turning twists." --Flylef Reviews "One of the best trilogies I've ever read. I will read anything by Kat Ross. Hats off to her for creating these wonderful characters and making us fall in love with them!" --Cover to Cover Reviews "Kat Ross turned me into a puddle of emotions with her final book of the Fourth Element series! Action, betrayal, romance and demons conclude this story which can keep anyone captivated till the final page." --Milky Way of Books "An addictive, action-packed, glorious page-turner!" -Am Kinda Busy Reading "I really hate the word 'epic' because, let's face it, it's so overused and it's lost its true meaning, but this book [The Midnight Sea] deserves that word." -Book Reader Chronicles "This is truly a grand finale of a book, mysteries from the very beginning of the series are put to rest and our heroes win in unexpected ways. Queen of Chaos delivers a beautiful ending that is perfect as it is but is left open enough for another story to seamlessly fit in." --Bibliobibuli "I'm never a read-a-book-in-one-sitting kind of person, but I totally did it with Queen of Chaos. Then I hugged my Kindle and wanted to start the series all over again." --Rattle the Stars "Extremely engrossing and so fast-paced...A truly exceptional series." --The InkedIn Book Blog

How could a mother walk away from her family? - What's Left of Her This is the question many readers asked after finishing Pieces of You, Book One of The Betrayed Trilogy. They wanted to know the real story behind the disappearance of Evie Burnes. What's Left of Her offers an intimate glimpse into Evie Burnes's life before her disappearance--and after. Note: While Pieces of You and Secrets of You are romances, What's Left of Her is not.

Roy Sullivan, an immigration officer working at the UK's busiest airport, is in deep trouble. Haunted by the disappearance of brother Jimmy in Iraq, Roy's relentless search for the truth has reached curious and dangerous ears. Sammy French, a violent south London criminal and former childhood associate, is in need of a favour, one that a suddenly compromised Roy has no choice but to grant. Forced to take part in a perilous criminal conspiracy, Roy must exploit his position at Heathrow and risk his own liberty before he can be free of Sammy's debt and live his life again. Yet as the walls close in around him a mysterious stranger enters Roy's crumbling world, a former Navy Seal who knows the truth about the Nine Eleven attacks, a man haunted by demons and hunted by powerful forces determined to silence him, a man who holds the key to the mystery of Jimmy Sullivan's disappearance while guarding a covert facility deep in the Iraqi desert. For an increasingly frightened Roy, this troubled and dangerous stranger will come to represent a chance to escape, not only from the uncertainty of his brother's fate and the clutches of a vicious gangland criminal, but also from the coming storm, one that threatens to decimate humanity and usher in a ruthless and terrifying New World Order.

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

A DARK MAFIA ROMANCE Men like us, we see things. We do things, things that make us unfeeling. That's the price of power and money, of living la belle vie and running the French mafia. Then she came along like a pretty wildflower pushing through the cracks on a dirty pavement—fragile yet resilient, a breath of beauty among the filth. She was supposed to be just another job, a nameless person I was to pluck from her life and hand to my brother, nothing but a pawn in the gamble of our diamond business. There's a psychological label for men like us. We lack empathy and guilt. We do things to have what we want, things that make flowers wilt. The box set contains: Diamonds in the Dust (Book 1) Diamonds in the Rough (Book 2) Diamonds are Forever (Book 3) Other books in the Diamond Magnate Collection: Beauty in the Broken (Standalone)

Wildflowers have to be strong and resilient to bloom amid the rugged beauty of Wyoming – and so do the women. Wyoming Wildflowers Trilogy – Three books in this one volume! Almost a Bride (Indian Paintbrush) Match Made in Wyoming (Fireweed) My Heart Remembers (Bur Marigold) ALMOST A BRIDE Dave Currick was everything Matty Brennan wanted for as long as she could remember. Right up until he broke her heart six years ago. Now that she's returned to Wyoming and her small-town home for good, what she wants more than anything is to save her family's ranch. Even if that means swallowing her pride and asking Dave to marry her. Matty's up to something - Dave knows that much. Just as he knows that Matty needs help, so of course he'll provide it, just as he did all the time they were childhood sweethearts. Doing what's best for Matty is second nature. Even when it comes to agreeing to a marriage of convenience. Although he can't resist one hot-blooded kiss after the I-dos. Maybe - just maybe - his Matty will become more to him than Almost a Bride. MATCH MADE IN WYOMING When fire ravages Wyoming land, fireweed is among the first plants to return, brightening the blighted area with the joy of its blooms. Can Taylor Anne Larsen pull off a similar miracle for the pain-ravaged heart and disbelieving soul of ranch foreman Cal Ruskoff? Armed with the same grace and grit as the wildflower fireweed, Taylor also has allies – a matchmaking friend, the Wyoming winter, high-octane mutual attraction, and a rescued puppy who slips past Cal's defenses. Cal might give in to passion temporarily, but from behind the wall he's built around his past and his secrets, he's certain Taylor is all that he can't let himself have. And he'll use all his weapons to keep her out. MY HEART REMEMBERS Lisa Currick was once as bright and open as the sunny Bur Marigold wildflower of her native Wyoming. That's how New York City Detective Shane Garrison has remembered her since she figured in his first investigation eight years ago. But when he arrives in her hometown determined to resolve the final element of that case, he discovers the girl he's remembered has become a very different woman. Once open-hearted and artistic, Lisa has put all that aside for a life of order and discipline. And Shane wants to know why. He can't forget the girl, but he's fascinated by the woman who challenges him to find answers inside himself.
