*The School Leadership Survival Guide: What to Do When Things Go Wrong, How to Learn from Mistakes, and Why You Should Prepare for the Worst* is intended as an uncommon guide for school leaders and a resource they can turn to when confronted with issues they might not normally face in typical practice. Some of the issues addressed include: How to elevate student voice; How to navigate religious conflict in the school and community; How to improve support for LGBTIQ students; Why You Should develop a natural disaster plan; How to work against racism in the school and community; How to practice inclusion in the school; How to make a vision and mission come to life; How to manage relationships with difficult people; What to do when there is racial tension in the community; How to learn the history of your school and community—and why that matters; How to guide and support a leadership team, and; What to do in a school with low trust.
