In Tom Kundig: Works, the celebrated Seattle-based architect presents nineteen new projects, from Hawaii to New York City. Kundig's award-winning houses, known for their rugged yet elegant and welcoming style, are showcased in lush photography with drawings and sketches, and appear alongside his commercial work—from multistory complexes to the Tacoma Art Museum to a line of hardware (handles, door pulls, hinges, and more). In firsthand accounts, Kundig describes the projects and his design process with many personal anecdotes, making Tom Kundig: Works as much memoir as monograph. The book also includes an introduction by design editor Pilar Viladas and in-depth conversations with Kundig's frequent collaborators—"gizmologist" Phil Turner and contractor Jim Dow (Schuchart/ Dow)—and clients (Bigwood Residence and Studhorse). Behind every young star is a great story and Young Guns II is packed full of both.

Rowland clearly knows how to build suspense and action, a talent that she demonstrates with great skill."—New Orleans Times-Picayune "Bundori is one of those mysteries in which the itch to find out whodunit recedes before the pleasure of prowling through a different world."—Washington Post Book World "Sano may carry a sword and wear a kimono, but you'll immediately recognize him as an ancestor of Philip Marlowe or Sam Spade."—Denver Post "A colorful pictorial style that conveys . . . excitement and . . . danger."—The New York Times Book Review

One hundred years ago, a lord lived happily in his castle. Alcohol flowed freely and the festivities were endless. One day, while he was out hunting, he jostled a young goose herder who was saved in the nick of time by a bonnet maker. The lord always said "Everything in the right place!" and that is what happened, to the lord's great chagrin. Over the years, things would change a lot. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

Inspiring devotional reading from two classic writers Both Andrew Murray and C. H. Spurgeon wrote and taught about the immeasurable value of intercessory prayer in the life of every believer and the entire church. They believed that persistent, fervent prayer is, perhaps, the greatest work that every Christian can do by the grace of God and in the power of the Holy Spirit. Spurgeon told his congregation, "No one can do me a truer kindness in this world than to pray for me." Editor L. G. Parkhurst has compiled selections on this important topic from Murray's devotional books and Spurgeon's sermons updating them for today's reader. The thirty-one devotionals begin with a reading by Murray, then Spurgeon's commentary on that aspect of intercession as well as a concluding prayer. The Believer's Secret of Intercession powerfully persuades us to labor together and individually in fervent prayer so that sinners might be converted and blessings might fall upon the saints of God. A unique devotional handbook on a topic of great importance for the church today.

Excerpt from Dry Stories When Anne Winter looked down at the face of her first-born, she felt that motherhood was the supreme event of a woman's existence. She had been a clever artist in her time; had painted some pictures that people talked of noisily, had decorated the ceiling of a big church in a big town, and done a portrait in oil of one of the ladies of the cabinet. But on a certain January morning all this seemed mere nothingness to the light touch of tiny pink fingers like a drift of rose leaves on her breast. The babe had wailed because it had come into this big, brutal world, and when she had hushed its wailing, it seemed to her that she, Anne Winter, for the first time counted for something in this world. For the first time, she was. a real factor in the history of humanity. Her psychic senses seemed so quickened that the simplest things had a new significance, and everything in earth or heaven circled about that infant's head.
