

## Van Tharp Trade Your Way To Financial Freedom

“We're going to raise traders just like they raise turtles in Singapore.” So trading guru Richard Dennis reportedly said to his long-time friend William Eckhardt nearly 25 years ago. What started as a bet about whether great traders were born or made became a legendary trading experiment that, until now, has never been told in its entirety. *Way of the Turtle* reveals, for the first time, the reasons for the success of the secretive trading system used by the group known as the “Turtles.” Top-earning Turtle Curtis Faith lays bare the entire experiment, explaining how it was possible for Dennis and Eckhardt to recruit 23 ordinary people from all walks of life and train them to be extraordinary traders in just two weeks. Only nineteen years old at the time—the youngest Turtle by far—Faith traded the largest account, making more than \$30 million in just over four years. He takes you behind the scenes of the Turtle selection process and behind closed doors where the Turtles learned the lucrative trading strategies that enabled them to earn an average return of over 80 percent per year and profits of more than \$100 million. You'll discover how the Turtles made money—the principles that guided their trading and the step-by-step methods they followed. Why, even though they used the same approach, some Turtles were more

successful than others How to look beyond the rules as the Turtles implemented them to find core strategies that work for any tradable market How to apply the Turtle Way to your own trades-and in your own life Ways to diversify your trading and limit your exposure to risk Offering his unique perspective on the experience, Faith explains why the Turtle Way works in modern markets, and shares hard-earned wisdom on taking risks, choosing your own path, and learning from your mistakes.

Want to become a truly great trader – either for yourself or for a proprietary trading firm? This book will help you get there. This unique approach is the closest thing to signing up for a “trader boot camp” yourself! You’ll learn by watching new traders walk through actual trades, explain what they’ve tried to do, and try to survive brutally tough expert critiques. One trade at a time, The Playbook reveals how professional traders must think in order to succeed “under fire,” how they assess their own performance, and how they work relentlessly to improve. Using concrete, actionable setups drawn from his extensive trading and training experience, Bellafiore walks through an extraordinary array of trades, showing readers how to maximize profits and avoid disastrous hidden pitfalls. He covers support plays, bull-and-bear flags, opening drives, important intraday levels, bounce and fade trades, pullbacks, scalps, technical opportunities,

consolidation, relative strength, market trades, and more. He also presents indispensable insights on psychology and trader development, based on his work with hundreds of traders on a major commodity exchange and an elite prop firm's trading desk. Packed with color, personality, and realism, this is an exciting guide to real-world trading.

**EARN SERIOUS TRADING PROFITS BY USING YOUR WHOLE BRAIN!**

Legendary traders like Jesse Livermore, George Soros, Richard Dennis, and Steven Cohen use their full range of powers that encompass both instinct and analysis. That's how they made their fortunes—and that's how you can, too. In *Trading from Your Gut*, Curtis Faith, renowned trader and author of the global bestseller *Way of the Turtle*, reveals why human intuition is an amazingly powerful trading tool, capable of processing thousands of inputs almost instantaneously. Faith teaches you how to harness, sharpen, train, and trust your instincts and to trade smarter with your whole mind. Just as important, you'll learn when not to trust your gut—and how to complement your intuition with systematic analysis. You've got a left brain: analytical and rational. You've got a right brain: intuitive and holistic. Use them both to make better trades, and more money! "Whole Mind" trading: the best of discretionary and system approaches  
How winning traders use analysis and disciplined intuition together  
How to profit

from other traders' "Wrong Brain Thinking" Understand other traders, without acting like them How to provide a firm intellectual framework for your trades What successful traders have discovered about the market's structure and laws The unique value of intuition in swing trading Use your intuition to trade patterns that computer technology can't recognize

For years, traders and investors have been using unproven assumptions about popular patterns such as breakouts, momentum, new highs, new lows, market breadth, put/call ratios and more without knowing if there is a statistical edge. Common wisdom holds that the stock markets are ever changing. But, as it turns out, common wisdom can be wrong. Offering a comprehensive look back at the way the markets have acted over the last two decades, *How Markets Really Work: A Quantitative Guide to Stock Market Behavior, Second Edition* shows that nothing has changed, that the markets behave the same way today as they have in years past, and that understanding this puts you in a prime position to profit. Written by two top financial experts and filled with charts and graphs that illustrate the market concepts they develop, the book takes a sometimes contrarian view of everything from market edges to historical volatility, and from volume to put/call ratio, giving you all that you need to truly understand how the markets function. Fully revised and updated, *How Markets Really Work, Second*

Edition takes a level-headed, data-driven look at the markets to show how they function and how you can apply that information intelligently when making investment decisions.

A Must-Read for Any Investor Looking to Maximize Their Chances of Success  
**Big Mistakes: The Best Investors and Their Worst Investments** explores the ways in which the biggest names have failed, and reveals the lessons learned that shaped more successful strategies going forward. Investing can be a rollercoaster of highs and lows, and the investors detailed here show just how low it can go; stories from Warren Buffet, Bill Ackman, Chris Sacca, Jack Bogle, Mark Twain, John Maynard Keynes, and many more illustrate the simple but overlooked concept that investing is really hard, whether you're managing a few thousand dollars or a few billion, failures and losses are part of the game. Much more than just anecdotal diversion, these stories set the basis for the book's critical focus: learning from mistakes. These investors all recovered from their missteps, and moved forward armed with a wealth of knowledge than can only come from experience. Lessons learned through failure carry a weight that no textbook can convey, and in the case of these legendary investors, informed a set of skills and strategy that propelled them to the top. Research-heavy and grounded in realism, this book is a must-read for any investor looking to

maximize their chances of success. Learn the most common ways even successful investors fail Learn from the mistakes of the greats to avoid losing ground Anticipate challenges and obstacles, and develop an advance plan Exercise caution when warranted, and only take the smart risks While learning from your mistakes is always a valuable experience, learning from the mistakes of others gives you the benefit of wisdom without the consequences of experience. Big Mistakes: The Best Investors and Their Worst Investments provides an incomparable, invaluable resource for investors of all stripes. Think like a trader. Act like a trader. Become a Super Trader. "Let your profits run!" It's the golden rule by which all Super Traders live. With the help of investing guru Dr. Van K. Tharp, you can join the ranks of full-time traders who consistently master the market. Super Trader provides a time-tested strategy for creating the conditions that allow you to reach levels of trading success you never thought possible. Providing expert insight into both trading practices and psychology, Tharp teaches you how to steadily cut losses short and meet your investment goals through the use of position sizing strategies--the keys to steady profitability. Tharp offers concepts and tactics designed to help you: CREATE AND MEET YOUR SPECIFIC UNDERSTAND THE BIG PICTURE CONQUER COUNTERPRODUCTIVE THINKING MASTER THE ART OF POSITION SIZING

STRATEGIES With Tharp's proven methods, you can live the dream of enjoying above-average profits under various market conditions--up, down, and sideways. Tharp's wisdom, perspective, and tactical expertise are legendary in the world of trading. Follow the master down the path to trading excellence with Super Trader. How do you transform yourself from a mild-mannered investor into a proactive trader who outperforms the market day-in and day-out. Think clearly. Plan accordingly. Commit completely. In other words, become a trader. No one is better suited to help you make the transformation than legendary trading educator Dr. Van K. Tharp. Combining the sharp insight and technical brilliance that have drawn legions of investors to his books and seminars, Tharp provides a holistic approach for becoming a successful full-time trader. His system--a meld of investing psychology and sound trading practice--is the secret to achieving optimum conditions that produce results in both bull and bear markets. Using the lessons of Super Trader, you will approach trading as you would a small business--realistically, systematically, and enthusiastically. Drawing on his decades of experience, Tharp has created a simple plan designed to help anyone successfully navigate the market that includes the following: Mastering the psychology of trading Crafting a "business plan"--a working document to guide your trading Developing a trading system tailored to your personal needs

and skills Creating position sizing strategies to meet your objectives Monitoring yourself constantly to minimize mistakes You can put this plan to use immediately. Throughout the book, Tharp raises the pertinent questions you must ask yourself about becoming a trader, being a trader, and succeeding as a trader. The rewards that come with being a Super Trader--both financial and personal--make you feel as if you can leap small buildings in a single bound. Whatever your skill level, Tharp provides the formula for succeeding in a field where most people fail.

A technical analysis classic, newly updated to help traders develop and forward-test a high-performance trading system for today's markets In trading, a winning system is everything. While it is theoretically possible to buy a "canned" trading system, most experts agree that the best system is proprietary to each trader--developed, implemented, and tested by the individual to suit his or her exact requirements. A stimulating mix of cutting-edge techniques, timeless principles, and practical guidelines, this updated edition of a technical analysis classic offers traders a comprehensive methodology to develop and implement your own trading system, bridging the gap between analysis and execution. Tushar Chande (Pittsburgh, PA) holds nine U.S. patents for creative solutions to flexible manufacturing problems using high-power lasers and optical fibers. A

contributing editor to Technical Analysis of Stocks & Commodities magazine, he has been a registered Commodity Trading Advisor and is the principal author of *The New Technical Trader* (0-471-59780-5) (Wiley).

A bestselling classic (more than 200,000 copies sold in hardcover and paperback) that delves into the minds of some of the world's most successful traders.

Overcome psychological obstacles to increase trading success Successful traders need to be well-versed and skilled in a wide range of business and economic areas. But now, in addition to effective trading strategies and sound money management techniques, traders need to possess the know-how to handle the mental and emotional challenges of working in a highly volatile environment. *Trade Mindfully* is a unique resource that applies cutting-edge psychological techniques to trading skills, allowing readers to improve their mental outlooks and maximize the potential of their trading strategies. This book draws upon recent psychological research in behaviorism to teach new approaches that call for better focus, more confidence, and more positive perspectives and outcomes. One of the key concepts covered in the book is mindfulness, a state of mind traditionally touted in the East for its ability to reduce stress and increase perspective, useful qualities for traders looking to rise above emotional obstacles and the poor results they cause. The author also discusses the importance of High Value Trading Actions (HVAs), specific actions that are under a trader's control. With this guide, trading professionals will be able to form solid strategies based on a combination of these notions and practices, leading to higher levels of trading performance. Applies sound psychological practice and evidence-based research to the trading profession Covers the

psychological perspectives and mental skills needed to succeed in today's trading world  
Focuses on key concepts that lead to deliberate practice, specific trading activities, and increased awareness and focus  
Designed to help traders deal with the emotional challenges that come with uncertainty and risk  
Trade Mindfully touches on the most essential concepts for anyone intrigued by what trading psychology has to offer, and delivers the best strategies for achieving the right mental skills for peak performance.

A guide to tracking market, volume, and price changes brought about by economic globalization and computerized trading, using techniques such as neural networks, fuzzy logic, and expert systems. Covers structural change in stock and derivatives markets, price shocks, integration of technical and fundamental methods, testing strategies for robustness, and improving the performance of existing systems. Includes an appendix on notation and terminology. For stocks, bonds, and futures traders. No bibliography. Annotation copyright by Book News, Inc., Portland, OR

Praise for THE NEW MARKET WIZARDS "Jack Schwager simply writes the best books about trading I've ever read. These interviews always give me a lot to think about. If you like learning about traders and trading, you'll find that reading this book is time well spent." -Richard Dennis, President, The Dennis Trading Group, Inc. "Jack Schwager's deep knowledge of the markets and his extensive network of personal contacts throughout the industry have set him apart as the definitive market chronicler of our age." -Ed Seykota "Very interesting indeed!" -John Train, author of The Money Masters "Successful trading demands longtime experience because it requires firsthand knowledge. If there is a shortcut to this requirement, however, it is in reading about the experiences of others. Jack Schwager's book provides that shortcut. If you find

yourself sweating upon occasion as you read, then you're as close to the trading experience as you can get without actually doing it yourself." -Robert R. Prechter, Jr., editor, *The Elliott Wave Theorist*

**THE NEW MARKET WIZARDS** Some traders distinguish themselves from the herd. These supertraders make millions of dollars-sometimes in hours-and consistently outperform their peers. As he did in his acclaimed national bestseller, *Market Wizards*, Jack Schwager interviews a host of these supertraders, spectacular winners whose success occurs across a spectrum of financial markets. These traders use different methods, but they all share an edge. How do they do it? What separates them from the others? What can they teach the average trader or investor? In *The New Market Wizards*, these wildly successful traders relate the financial strategies that have rocketed them to success, as well as the embarrassing losses that have proven them all too human. Meet the Wizards of Wall Street: \* Stan Druckenmiller, who, as manager of the Soros Quantum Fund, realized an average annual return of more than 38 percent on assets ranging between \$2.0 and \$3.5 billion \* William Eckhardt, a mathematician who, in collaboration with trader Richard Dennis, selected and trained the now-legendary circle known as the Turtles \* Bill Lipschutz, a former architect who, for eight years, was Salomon Brothers' largest and most successful currency trader \* Blair Hull, a one-time blackjack player who began an options trading company with Asking the questions that readers with an interest in the financial markets would love to pose to the financial superstars, and filled with candid appraisals, *The New Market Wizards* takes its place as a classic.

"How did a world-famous dancer with no knowledge of the Stock Market, or of finance in general, make 2 million dollars in the stock market in 18 months starting with only \$10,000? ... In this new edition ... Steve Burns uses his experience to offer explanations as to why the

A newly expanded and updated edition of the trading classic, Design, Testing, and Optimization of Trading Systems Trading systems expert Robert Pardo is back, and in The Evaluation and Optimization of Trading Strategies, a thoroughly revised and updated edition of his classic text Design, Testing, and Optimization of Trading Systems, he reveals how he has perfected the programming and testing of trading systems using a successful battery of his

own time-proven techniques. With this book, Pardo delivers important information to readers, from the design of workable trading strategies to measuring issues like profit and risk. Written in a straightforward and accessible style, this detailed guide presents traders with a way to develop and verify their trading strategy no matter what form they are currently using—stochastics, moving averages, chart patterns, RSI, or breakout methods. Whether a trader is seeking to enhance their profit or just getting started in testing, *The Evaluation and Optimization of Trading Strategies* offers practical instruction and expert advice on the development, evaluation, and application of winning mechanical trading systems.

*Trading for a Living* Successful trading is based on three M's: Mind, Method, and Money. *Trading for a Living* helps you master all of those three areas: \* How to become a cool, calm, and collected trader \* How to profit from reading the behavior of the market crowd \* How to use a computer to find good trades \* How to develop a powerful trading system \* How to find the trades with the best odds of success \* How to find entry and exit points, set stops, and take profits *Trading for a Living* helps you discipline your Mind, shows you the Methods for trading the markets, and shows you how to manage Money in your trading accounts so that no string of losses can kick you out of the game. To help you profit even more from the ideas in *Trading for a Living*, look for the companion volume--*Study Guide for Trading for a Living*. It asks over 200 multiple-choice questions, with answers and 11 rating scales for sharpening your trading skills. For example: Question Markets rise when \* there are more buyers than sellers \* buyers are more aggressive than sellers \* sellers are afraid and demand a premium \* more

shares or contracts are bought than sold \* I and II \* II and III \* II and IV \* III and IV  
Answer B. II and III. Every change in price reflects what happens in the battle between bulls and bears. Markets rise when bulls feel more strongly than bears. They rally when buyers are confident and sellers demand a premium for participating in the game that is going against them. There is a buyer and a seller behind every transaction. The number of stocks or futures bought and sold is equal by definition.

From the best-selling author of the Next Big Investment Boom, this book provides everything you need to know about making the world's money markets work to your advantage, enabling you to turn basic investments into a winning portfolio. Big Money, Little Effort shows you how a straightforward, manageable and stress-free investment system, if properly applied and monitored, can protect you from the volatility of the world's stock markets while ensuring consistent returns on your original investment. In an industry awash with different (and often very vocal) opinions, the author removes the mystique that often surrounds stock market investment and explains his own tried-and-tested system for managing your investments - a system that can be operated and maintained in a short amount of time, once a week. The book includes a glossary of financial terms and a list of further reading resources. Whether your investment is large or small, Big Money, Little Effort is the essential guide if you want to make positive returns from the stock market.

'For anyone who wants to understand how to best use the tools available in the modern world to learn about becoming a successful investor' Metro 'If you want just one book on investment from the cacophony, you couldn't do much better' Michael Mainelli, Economics Professor 'Without doubt the best book I have read in the last five years...' Emma Kane, CEO of Newgate Communications

More than one million copies have been sold of this seminal book on investing in which legendary mutual-fund manager Peter Lynch explains the advantages that average investors have over professionals and how they can use these advantages to achieve

financial success. America's most successful money manager tells how average investors can beat the pros by using what they know. According to Lynch, investment opportunities are everywhere. From the supermarket to the workplace, we encounter products and services all day long. By paying attention to the best ones, we can find companies in which to invest before the professional analysts discover them. When investors get in early, they can find the "tenbaggers," the stocks that appreciate tenfold from the initial investment. A few tenbaggers will turn an average stock portfolio into a star performer. Lynch offers easy-to-follow advice for sorting out the long shots from the no-shots by reviewing a company's financial statements and knowing which numbers really count. He offers guidelines for investing in cyclical, turnaround, and fast-growing companies. As long as you invest for the long term, Lynch says, your portfolio can reward you. This timeless advice has made *One Up on Wall Street* a #1 bestseller and a classic book of investment know-how.

How to transform your trading results by transforming yourself In the unique arena of professional trading coaches and consultants, Van K. Tharp is an internationally recognized expert at helping others become the best traders they can be. In *Trading Beyond the Matrix: The Red Pill for Traders and Investors*, Tharp leads readers to dramatically improve their trading results and financial life by looking within. He takes the reader by the hand through the steps of self-transformation, from incorporating "Tharp Think"—ideas drawn from his modeling work with great traders—making changes

## Read PDF Van Tharp Trade Your Way To Financial Freedom

in yourself so that you can adopt the beliefs and attitudes necessary to win when you stop making mistakes and avoid methods that don't work. You'll change your level of consciousness so that you can avoid trading out of fear and greed and move toward higher levels such as acceptance or joy. A leading trader offers unique learning strategies for turning yourself into a great trader. Goes beyond trading systems to help readers develop more effective trading psychology. Trains the reader to overcome self-sabotage that obstructs trading success. Presented through real transformations made by other traders. Advocating an unconventional approach to evaluating trading systems and beliefs, trading expert Van K. Tharp has produced a powerful manual every trader can use to make the best trades and optimize their success.

The bestselling holy grail of trading information—now brought completely up to date to give traders an edge in the marketplace "Sound trading advice and lots of ideas you can use to develop your own trading methodology."--Jack Schwager, author of *Market Wizards* and *The New Market Wizards* This trading masterpiece has been fully updated to address all the concerns of today's market environment. With substantial new material, this second edition features Tharp's new 17-step trading model. *Trade Your Way to Financial Freedom* also addresses reward to risk multiples, as well as insightful new interviews with top traders, and features updated examples and charts.

The explosive growth and low cost of online trading has created a new class of investor who can now make a living buying and selling stocks over the Internet in a way that

was once reserved for Wall Street's most powerful brokerage firms and investment banks. While technology has made entering the "major leagues" easy, staying in is not. Before taking to the fast-paced, high-risk playing field, it's absolutely essential that you have a firm grasp of the rules and a solid game plan. Day Trade Online is the play book novice competitors need to become strong contenders. Written by seasoned practitioner Christopher Farrell, it is a one-stop, step-by-step overview of how to make a successful living, whether full- or part-time, trading via the Internet. Day trading can be quite lucrative, but only if you know what you are doing. As Farrell points out: "Trading for a living is hard. Trading for a living over the Internet is even harder. There are many challenges and obstacles that confront you. Venturing into this jungle unprepared is a recipe for disaster." This straightforward guide provides the head start and heads up necessary to thrive as an Internet day trader, covering everything from the dangers and pitfalls of trading online to an in-depth analysis of which trading techniques work and which don't. Day Trade Online presents inside information on the strategies of top trading firms, including the most secretive, misunderstood, and profitable function on Wall Street: exploiting the bid-ask spread. Along with complete details on this rarely revealed methodology, you'll learn about: The tools needed to get started in online trading. Trading on the NYSE and NASDAQ. Which stocks to trade - and which to avoid. Beating the specialists and the market makers at their own game. The dangers and pitfalls of online brokers. Most importantly, you will learn to look at ten different

## Read PDF Van Tharp Trade Your Way To Financial Freedom

stocks and pinpoint which one to trade, when, at what price, and why. With the right know-how, you will then be able to apply this knowledge to every single stock that you screen. Written for the day trader, by a day trader, this is indispensable reading for anyone looking to join an increasingly popular - and profitable - arena. "I see the ads on television. Open an account and your first trade is free. Trade as many shares as you'd like for one flat fee. Free real-time quotes. Free market research. Trade stocks. Trade options. With the click of a mouse. It's that easy. Anyone can do it . . . I think back on my time on Wall Street. Does the little guy really have a chance?" - from Day Trade Online. Yes. You do have a chance - a tremendous opportunity to day trade online. But only if you are prepared. Only if you know what you are getting into. In Day Trade Online, a successful online day trader walks you through the ins and outs of day trading online, and provides you with everything you need to get started and be successful. This step-by-step guide will show you: How to choose and use online brokers. How to set up an online account. What equipment you will need and what it will cost. How much capital you need. What stocks to trade, when to trade them, when to stay out of the game. How to trade on margin - safely and profitably. The day trader's secret weapon - a strategy for your trades. Be prepared. Get Day Trade Online for the tools, tips, and strategies you need to thrive as an Internet day trader. Don't make your first trade without it!

How do you transform yourself from mild-mannered investor to Super Trader?

Think clearly. Plan accordingly. Commit completely. In other words, become a trader. And no one is better suited to help you make the transformation than legendary trading educator and author Van K. Tharp. Combining the sharp insight and technical brilliance that has drawn legions of investors to his books and seminars, Tharp provides a holistic approach for becoming a successful full-time trader. His system—a meld of investing psychology and sound trading practice—is the secret to achieving optimum conditions that produce results in both bull and bear markets. Using the lessons of *Super Trader*, you will approach trading as you would a small business—realistically, systematically, and enthusiastically. Drawing on his decades of experience, Tharp has created a simple plan designed to help anyone master the market. You can put this plan to use immediately in order to:

- Master the psychology of trading
- Craft a “business plan”—a working document to guide your trading
- Develop a trading system tailored for your personal needs and skills
- Create position-sizing strategies to meet your objectives
- Monitor yourself constantly to minimize mistakes

Throughout the book, Tharp asks the pertinent questions you must ask yourself about becoming a trader, being a trader, and succeeding as a trader. The rewards that come with being a *Super Trader*—both financial and personal—make you feel as if you can leap small buildings in a single bound. Whatever your skill

level, Tharp provides the formula for succeeding in a field where most people fail. The bestselling holy grail of trading information—now brought completely up to date to give traders an edge in the marketplace “Sound trading advice and lots of ideas you can use to develop your own trading methodology.”—Jack Schwager, author of *Market Wizards* and *The New Market Wizards* This trading masterpiece has been fully updated to address all the concerns of today's market environment. With substantial new material, this second edition features Tharp's new 17-step trading model. *Trade Your Way to Financial Freedom* also addresses reward to risk multiples, as well as insightful new interviews with top traders, and features updated examples and charts.

Why investors lose money and how NOT to Wall Street makes it easy to jump into the game of trading. After all, they love taking your money. Trading without proper preparation could be a windfall for your broker, but fatal for your account. In this e-book, bestselling financial writer and trading expert Van K. Tharp shares eight essential rules that will help you NOT lose your shirt and even make a profit in the world of trading. In *Your Written Trading Strategy: The Eight Rules to Avoid Losing Money*, Van K. Tharp explains that success in the markets takes the same amount of—perhaps even more—work, study, and commitment that any other profession requires. For those people who are committed to learn how to

## Read PDF Van Tharp Trade Your Way To Financial Freedom

trade properly, who do the obligatory work and possess the necessary talents, it is quite possible to make a lot of money in the market in the long run. To that end, he outlines the eight key reasons why people lose money in their trading and investing and shows how to avoid them. Lists the eight essential reasons people fail at trading—from the fact that you're playing Wall Street's game to the common misconception that trading is technical when in fact, it's 100% psychological. Written by recognized trading expert Van K. Tharp, bestselling author of *Trade Your Way to Financial Freedom* Reveals the secrets of trading psychology that can give traders a significant advantage. Utilizing charts and solid data throughout the book, Tharp arms traders with eight essential rules to follow to protect themselves from falling into the traps awaiting the poorly prepared and to maximize their potential for coming out winners in the game of the trade. It also provides a detailed examination of the personality traits common to the three basic types of trader - trend-following (long to intermediate term), mean reversion (intermediate-term), and short-term (swing and day traders) - and illustrates how a strict adherence to specific types of trading systems can foster a psychological flexibility that will allow you to succeed in all kinds of trading environments: countertrending, choppy, or trending."--Jacket.

Have you dabbled in shares or the stock market? And wondered what spread

betting was all about and whether you should be doing it? Perhaps you thought it all looked a bit complex or was just for City boys? Now here is a new beginner's guide that explains - in plain English - how to do it, and how to make money from it! Spread betting shares can be dangerous: most people lose - some even lose their shirts. But it's not a world populated by pinstriped men waiting to rob you, steal your savings and do nasty things to small kittens. You can win. (And you never have to pay a penny in tax!) This book shows you how. Robbie Burns, bestselling author of *The Naked Trader*, has been spread betting for years. He explains why it's an indispensable tool to use alongside normal investing or trading. Especially as you can make money even if the market goes down. Robbie takes you through everything from how it works, to managing your risk, working out exposure, and how, often, doing nothing is the best move! He explains the ins and outs of successfully betting on shares in his trademark down-to-earth style, covering everything you need to know. From the simple stuff through to proven strategies, including those that can be used in different markets - it's all here. There are also behind-the-scenes visits to two top spread betting firms. But it's a big, bad old world out there, and there are a whole heap of mistakes you can make, an awful lot of money you can lose. Rounding up spine-chilling traders' tales of spread bets gone wrong, and using all he has learnt from

making silly mistakes himself, Robbie also helps you learn what not to do. This is the ultimate guide to spread betting - how to do it, have fun and hopefully make a few quid.

An increasing number of investors are entering the high-risk world of electronic day trading—often before they've learned the basic principles and safeguards. *Financial Freedom Through Electronic Day Trading* combines Van Tharp's mastery of trading psychology with Brian June's nuts-and-bolts expertise to give day traders the proven strategies and information they need to survive and succeed. From little-known day trading entries and exits to techniques that foster winning attitudes and styles, these practical ideas will help readers develop their own personalized trading systems. The perfect combination of psychological preparation and hands-on practice, it discusses: \*Market analysis from a day trading perspective \*Techniques for determining a market maker's position \*The best day trading software

**SUPERANNO** In this fully updated edition, trend following expert Michael Covel introduces the traders and fund managers who have been using this strategy for decades, adding brand-new profiles such as David Harding, who manages \$10 billion plus dollars through his London-based trend following firm. Then, Covel walks you through all the concepts and techniques you need to use trend

following yourself. One step at a time, one simple chart at a time, you'll learn how to understand price movements well enough to profit from them consistently--in any market. Original.

Praise for The Three Skills of Top Trading "Professor Pruden's new book, The Three Skills of Top Trading, is unquestionably the best book on a specific trading method and the necessary attributes for trading that I have read. His logic, understanding of human foibles, and use of the Wyckoff method of trading are broadly referenced, readable, understandable, and entertaining." - Charles D. Kirkpatrick, II, CMT, coauthor of Technical Analysis: The Complete Resource for Financial Market Technicians, Editor of the Journal of Technical Analysis, and board member of the Market Technicians Association "At long last, someone has taken the time and effort to bring the work and insight of Wyckoff to wider public attention-and Hank Pruden has done so masterfully, with great clarity and eloquence. Hank has taken the best of Wyckoff's work, combining it with the essential aspects of trader discipline and psychology, to provide a highly readable and particularly useful guide to trading. MUST READING!" - Jacob Bernstein, [www.trade-futures.com](http://www.trade-futures.com) "Hank Pruden puts all of the elements needed for successful trading into one volume. This book not only belongs on every trader's shelf but should be close enough for continuous reference." - Martin J. Pring, President, [www.Pring.com](http://www.Pring.com) "Dr. Pruden has brought together his lifetime of work in developing a modern approach to analyzing and trading the markets built upon classic market analysis from the early part of the twentieth century and topped off with modern-day tenets of behavioral finance and mental state management." - Thom Hartle, Director of Marketing for CQG, Inc. ([www.cqg.com](http://www.cqg.com)) "I

usually consider a book to be well worth reading if it gives me one paradigm shift. I believe that this book will give the average investor a lot more than just one." - Van K. Tharp, PhD, President, Van Tharp Institute

Why investors lose money and how NOT to Wall Street makes it easy to jump into the game of trading. After all, they love taking your money. Trading without proper preparation could be a windfall for your broker, but fatal for your account. In this e-book, bestselling financial writer and trading expert Van K. Tharp shares eight essential rules that will help you NOT lose your shirt and even make a profit in the world of trading. In *Eight Edges You Must Have: Your Written Trading Plan*, Van K. Tharp explains that success in the markets takes the same amount of—perhaps even more—work, study, and commitment that any other profession requires. For those people who are committed to learn how to trade properly, who do the obligatory work and possess the necessary talents, it is quite possible to make a lot of money in the market in the long run. To that end, he outlines the eight key reasons why people lose money in their trading and investing and shows how to avoid them. Lists the eight essential reasons people fail at trading—from the fact that you're playing Wall Street's game to the common misconception that trading is technical when in fact, it's 100% psychological. Written by recognized trading expert Van K. Tharp, bestselling author of *Trade Your Way to Financial Freedom* Reveals the secrets of trading psychology that can give traders a significant advantage. Utilizing charts and solid data throughout the book, Tharp arms traders with eight essential rules to follow to protect themselves from falling into the traps awaiting the poorly prepared and to maximize their potential for coming out winners in the game of the trade. A common denominator among most new traders is that, within six months of launching their
