

## West End Recreation Centre Guelph

Pipers takes the reader inside the world of the performer community of Scottish piping, introducing the instrument itself and the various different repertoires. It also discusses piping techniques as well as information on some of the great piping dynasties and individual pipers. Dr Willie Donaldson shows how 'traditional music', often assumed to be the anonymous product of a dim and distant past, is the creation of gifted individuals operating in a sophisticated and vigorously ongoing enterprise. Since pipers have often been skilled also on the fiddle, keyboards and small-pipes, or as singers or dancers, their story offers fascinating insights into the whole traditional music and song repertoire of Scotland. Pipers is a well-informed and highly readable account by a prize-winning author who is a piper and composer of pipe music as well as an internationally recognised historian of Scottish tradition.

" Now in its ninety-seventh year of publication, this standard Canadian reference source contains the most comprehensive and authoritative biographical information on notable living Canadians. Those listed are carefully selected because of the positions they hold in Canadian society, or because of the contribution they have made to life in Canada. The volume is updated annually to ensure accuracy, and 600 new entries are added each year to keep current with developing trends and issues in Canadian society. Included are outstanding Canadians from all walks of life: politics, media, academia, business, sports and the arts, from every area of human activity. Each entry details birth date and place, education, family, career history, memberships, creative works, honours and awards, and full addresses. Indispensable to researchers, students, media, business, government and schools, Canadian Who's Who is an invaluable source of general knowledge. The complete text of Canadian Who's Who is also available on CD-ROM, in a comprehensively indexed and fully searchable format. Search 'astronaut' or 'entrepreneur of the year,' 'aboriginal achievement award' and 'Order of Canada' and discover a wealth of information. Fast, easy and more accessible than ever, the Canadian Who's Who on CD-ROM is an essential addition to your electronic library. Network Licensing available. Explore Ontario's forgotten rail lines and experience the legacy and lore of this the vital railway era of Ontario's history. At its peak between 1880 and the 1920s, Ontario was criss-crossed by more than 20,000 kilometres of rail trackage. Today, only a fraction remains. Yet trains once hauled everything from strawberries to grain, cans of milk and even eels. Villagers depended on trains to visit friends, attend weddings, to shop, and to go to school. They gathered on station platforms to await their mail or greet a long-lost relative. Holidayers packed their trunks and headed north for an extended summer day at their favorite resorts. Today, these are but a distant memory as most of Ontario's once essential transportation links lie abandoned and largely forgotten. But perhaps not entirely – many rights of way have become rail trails, and now witness hikers, cyclists, equestrians, and snowmobilers. Others sadly, lie overgrown and barely visible. Yet regardless of how one follows these early routes, one will find preserved stations, historic bridges, and railway era buildings, all of which recall this bygone era. A geographical encyclopedia of world place names contains alphabetized entries with detailed statistics on location, name pronunciation, topography, history, and economic and cultural points of interest.

Set on the edge of the Pacific and bursting with culture and life, Vancouver is a delight to explore. Immerse yourself in the best of the city with Moon Vancouver. Explore the City: Navigate by neighborhood or by activity with color-coded maps, or follow one of our self-guided neighborhood walks See the Sights: Bike along the coast at Stanley Park, kayak local waterways, learn about indigenous history at the Vancouver Museum of Anthropology, and soak in gorgeous nature views from atop Grouse Mountain Get a Taste of the City: Sip a perfect pour-over coffee, browse the artistically arranged stalls at the Granville Island Public Market, or dig into some of the best Chinese food in North America Bars and Nightlife: Sample local craft beer, enjoy cocktails on lush patios or in cozy speakeasies, and plug into Vancouver's artsy side with an eclectic lineup of everything from indie rock to world music Local Advice: Vancouver expert Carolyn B. Heller shares her favorite places in her adopted city Strategic Itineraries: See the best of Vancouver with itineraries designed for families, gourmands, history buffs, nature-lovers, and artists, with day trips to Victoria, Vancouver Island, and Whistler Full-Color Photos and Detailed Maps, so you can explore on your own Handy Tools: Background information on the landscape, history, and culture, packaged in a book slim enough to fit in your coat pocket Experience the real Vancouver with Moon's practical tips and insider know-how. Hitting the road? Check out Moon Vancouver & Canadian Rockies Road Trip.

'Brilliantly recapturing the febrile atmosphere of Berlin in the first four years after the Second World War, Giles Milton reminds us what an excellent story-teller he is' - Andrew Roberts, author of Churchill: Walking with Destiny Berlin was in ruins when Soviet forces fought their way towards the Reichstag in the spring of 1945. Streets were choked with rubble, power supplies severed and the population close to starvation. The arrival of the Soviet army heralded yet greater terrors: the city's civilians were to suffer rape, looting and horrific violence. Worse still, they faced a future with neither certainty nor hope. Berlin's fate had been sealed four months earlier at the Yalta Conference. The city, along with the rest of Germany, was to be carved up between the victorious powers - British, American, French and Soviet. On paper, it seemed a pragmatic solution; in reality, it fired the starting gun for the Cold War. As soon as the four powers were no longer united by the common purpose of defeating Germany, they reverted to their pre-war hostility and suspicion. Rival systems, rival ideologies and rival personalities ensured that Berlin became an explosive battleground. The ruins of this once-great city were soon awash with spies, gangsters and black-marketeers, all of whom sought to profit from the disarray. For the next four years, a handful of charismatic but flawed individuals - British, American and Soviet - fought an intensely personal battle over the future of Germany, Europe and the entire free world. CHECKMATE IN BERLIN tells this exhilarating, high-stakes tale of grit, skullduggery, and raw power. From the high politics of Yalta to the desperate scramble to break the Soviet stranglehold of Berlin with the greatest aerial operation in history, this is the epic story of the first battle of the Cold War and how it shaped the modern world.

The Facility Maintainer Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: mechanical skills; practical skills; and more.

Women are murdered by men every day, yet these acts of femicide barely make the news. Across Canada, there are over fifty memorials to women who have been murdered. Each one tells at least two stories: the terrible one of unremitting violence against women and the triumphant one of women claiming public space, naming the violence and insisting that society remember. This book is the first to record thirty of these, and in so doing names the women remembered and the circumstances of their deaths. The authors document the feminist community's response and the initiative taken to build memorials along with the official attempts to keep them out of public view. The memorials documented include those in Vancouver, Calgary, Edmonton, Winnipeg, The Pas, Toronto, Montreal, London, Ottawa and Moncton. Remembering Women Murdered by Men features the voices of memorial makers and the struggle of bringing public attention to the issue of femicide. It inspires all of us to speak out. Visit the companion website, The Global Women's Memorial, a dynamic and interactive forum dedicated to ending violence against women, [www.globalwomensmemorial.org](http://www.globalwomensmemorial.org).

City Stages combines primary archival research with the scholarly literature emerging from both the humanities and social sciences.

A biographical listing of physicians practicing in Canada. Data includes name, address, university, graduation date, degrees, specialist certificates, and field of practice. Includes information pertaining to the practice of medicine in Canada including organizations, boards, and a listing of hospitals and universities.

This edition of "The Canadian Encyclopedia is the largest, most comprehensive book ever published in Canada for the general reader. It is COMPLETE: every aspect of Canada, from its rock formations to its rock bands, is represented here. It is UNABRIDGED: all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume. It has been EXPANDED: since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones; as a result, the text from 1988 has grown by 50% to over 4,000,000 words. It has been UPDATED: the researchers and contributors worked hard to make the information as current as possible. Other words apply to this extraordinary work of scholarship: AUTHORITATIVE, RELIABLE and READABLE. Every entry is compiled by an expert. Equally important, every entry is written for a Canadian reader, from the Canadian point of view. The finished work - many years in the making, and the equivalent of forty average-sized books - is an extraordinary storehouse of information about our country. This book deserves pride of place on the bookshelf in every Canadian Home. It is no accident that the cover of this book is based on the Canadian flag. For the proud truth is that this volume represents a great national achievement. From its formal inception in 1979, this encyclopedia has always represented a vote of faith in Canada; in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated. At the start of a new century and a new millennium, in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations, this "Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future. The statistics behind this volume are staggering. The opening sixty pages list the 250 Consultants, the roughly 4,000 Contributors (all experts in the field they describe) and the scores of researchers, editors, typesetters, proofreaders and others who contributed their skills to this massive project. The 2,640 pages incorporate over 10,000 articles and over 4,000,000 words, making it the largest - some might say the greatest - Canadian book ever published. There are, of course, many special features. These include a map of Canada, a special page comparing the key statistics of the 23 major Canadian cities, maps of our cities, a variety of tables and photographs, and finely detailed illustrations of our wildlife, not to mention the colourful, informative endpapers. But above all the book is "encyclopedic" - which the "Canadian Oxford Dictionary describes as "embracing all branches of learning." This means that (with rare exceptions) there is satisfaction for the reader who seeks information on any Canadian subject. From the first entry "A mari usque ad mare - "from sea to sea" (which is Canada's motto, and a good description of this volume's range) to the "Zouaves (who mustered in Quebec to fight for the beleaguered Papacy) there is the required summary of information, clearly and accurately presented. For the browser the constant variety of entries and the lure of regular cross-references will provide hours of fascination. The word "encyclopedia" derives from Greek expressions alluding to a grand "circle of knowledge." Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known. Yet now Canada's finest scientists, academics and specialists have distilled their knowledge of our country between the covers of one volume. The result is a book for every Canadian who values learning, and values Canada.

Building on the policy measures in the 10 Year Plan for Transport (ISBN 1851124136) published in July 2000, this White Paper considers factors which are likely to shape the transport system over the next 30 years, and sets out the Government's strategy to address these issues, including an outline of expenditure plans to 2015. The Government's three stated themes, upon which the strategy is built, are: sustained investment over the long term, improvements in transport management, and planning ahead. Issues discussed include: managing the increasing demand for travel and the legacy of under-investment in transport infrastructure; measures to improve the road network, including promoting a public debate on road pricing options and working alongside local authorities to tackle local congestion problems; measures to improve the rail network, including support for Crossrail, the project to create a new east-west railway across London; improving public transport, specifically bus services; promoting walking and cycling as alternatives for local trips; aviation and shipping industries; freight transport; devolved decision-making at local and regional levels; strategic options relating to spatial planning and housing growth; environmental concerns; safety and security issues. The scope of the White Paper extends to England, and to Wales and Scotland in so far as it covers UK policy responsibility. Two accompanying documents, i) a review of the Crossrail business case (ISBN 1904763456) and ii) a feasibility study of road pricing in the UK (ISBN 1904763499) are also available.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured. A shooting lays bare the secrets harbored by five families in a sleepy suburban cul-de-sac in this riveting psychological thriller from the New

York Times bestselling author of *All the Wrong Places*. “Cul-de-sac proves once again that Joy Fielding is an ingenious master of domestic suspense.”—Samantha M. Bailey, *USA Today* and #1 national bestselling author of *Woman on the Edge* Someone on this quiet, unassuming cul-de-sac will be shot dead in the middle of a sultry July night. Will it be Maggie, the perfectionist wife, or Craig, the husband who can't quite live up to her expectations? They've packed up their two children and fled their life in California, hoping for a fresh start in Florida, only to find the demons of the past hovering on their doorstep. Maybe it will be Nick, a highly respected oncologist, or his wife, Dani, a successful dentist, both with well-kept secrets of their own. Or Julia, an elderly widow, whose troubled grandson has recently moved in with her, introducing unsavory habits and even more unsavory acquaintances into her formerly quiet existence. Then there's Olivia and her husband, Sean. Having lost his job at a prestigious advertising agency, Sean is depressed, resentful of his working wife, and drinking heavily. He is also prone to increasingly violent fantasies. And what of the newlyweds, Aiden and Heidi, whose marriage is already on the rocks, due to Aiden's reluctance to stand up to his intrusive mother? Matters aren't helped when Heidi befriends Julia's grandson, setting the stage for a major blowup. A diverse group of neighbors, to be sure. Yet all harbor secrets. All bear scars. And all have access to guns. Not all will survive the night.

Comprising Canada's southernmost limb, the southern reaches of Ontario contain the vibrant, cosmopolitan heart of Canada, boasting the populous city of Toronto, the sights of Niagara Falls, other major cities like London and Hamilton, plus natural attractions like Wasaga Beach, the world's largest freshwater beach. Our southern Ontario backcountry map book guides your way through the region, including the Greater Toronto Area plus Ontario's largest established trail network. In addition to urban attractions in Toronto, London, Hamilton and beyond, and the natural wonder that is Niagara Falls, southern Ontario provides a range of outdoor recreation activities. Features - Map Key & Legend - Topographic Maps - Detailed Adventure Section >> Backroad Attractions, Fishing Locations, Hunting Areas, Paddling Routes, Parks & Campsites, Trail Systems, ATV Routes, Snowmobile Areas, Wildlife Viewing, Winter Recreation, Service Directory, Accommodations, Sales & Services, Tours & Guides, Index, Adventure Index, Map Index, Trip Planning Tools,
