How can thousands of horses go missing? Is it possible that the largest horse rescue charity in the world is responsible for killing their horses? Lane Dimity and his friends set out to solve the mystery surrounding rescue horses in Australia and become involved in a complicated web of crime where nothing is what it seems. When a young horse woman is murdered after asking questions about some dead horses, Lane and his friends find themselves involved in an international mystery involving a corporate level horse charity. With plenty of twists and turns, the layered story follows the investigation into what is happening to the horses. Matthew and a Gatton horse rescuer, Grace, travel to Venezuela looking for answers and find more than they bargained for as the pace builds to a downhill gallop.

This is the true story of Chi Chi, an abandoned and severely injured golden retriever who was rescued, treated, and then adopted and loved by her forever family. She discovers how perseverance and trust in God's will can allow one to make it through so many tough times and see the better side of life.

Welcome to Junebug Farms, a successful, well-known animal shelter in upstate New York, where every day brings something new--love, stress, heartbreak, warmth--and not just from the animals. Lisa Drakemore is in charge of intake and adoption at Junebug. She excels at her job, in large part because of her ability to keep her emotions in check. Her past has given her many years of practice and she's become a pro. But once she meets dog-walking volunteer Ashley Stiles, a distractingly attractive, perpetually late, emotions-on-her-sleeve young woman who smells like cupcakes, all bets are off for Lisa. The first of the Puppy Love Romances by award-winning author Georgia Beers.

This book is a tribute to those who so selflessly devote time, effort and loving care to all creatures large and small. It is a testament to man's goodness and the animals' loyalty. Where can you turn when the world turns against you? When Elizabeth Barnes' life fell apart she never imagined that she'd be rescued by a new friend on four paws. The plan was simple: Elizabeth would ignore the fact that she was unjustly fired from her dream job, fly across the pond to settle an unexpected inheritance in her father's home country and quickly return to reclaim her position among the Silicon Valley elite. But when Elizabeth stumbles upon an abandoned puppy, she's shocked to realize that her brief trip to England might turn into an extended stay. Her strict itinerary is upended completely by the pup's dogged devotion, and soon the loveable puppy helps her to connect with a tight-knit community of new friends on two legs and four, from the aunt and uncle she didn't know existed, to a grumpy coffee shop owner to two very opinionated sheep. Along the way Elizabeth is confronted by long-kept family secrets, hard truths about her former life and a new romance that might lead her to question everything she knows about love. Because sometimes rescue magic happens on both ends of the leash.

Action and adventure with high stakes and a happy ending -- and dogs!

Discover the astonishing lessons rescue dogs can teach us about life, love, and ourselves As seen on BuzzFeed's "Best Books Gift Guide" In the follow-up to his New York Times bestseller *Rescue Road*, acclaimed journalist Peter Zheutlin offers a heartwarming and often humorous new look into the world of rescue dogs. Sharing

lessons from his own experiences adopting Labs with large personalities as well as stories and advice from dozens of families and rescue advocates, Zheutlin reveals the surprising and inspiring life lessons rescue dogs can teach us, such as: - How to “walk a mile in a dog’s paws” to get a brand-new perspective - Living with a dog is not one continuous Hallmark moment—but it’s never dull! - Why having a dog helps you see your faults and quirks in a new light, even if you can’t “shed” them completely - How to set the world right, one dog at a time For anyone who loves, lives with, or has ever wanted a dog, this charming book shows how the dogs whose lives we save can change ours for the better too.

Keep wildlife in the wild! Support the Born Free charity and join Virginia McKenna and her team behind the scenes of a real life leopard rescue. Every year Born Free helps hundreds of animals around the world. This is the true story of one of their incredible rescues . . . Meet brave Leda, a dedicated mother leopard, and her shy twin daughters, Rhea and Roxanni. These are the Limassol leopards, a family who grew up behind bars in a cramped city zoo in Cyprus, far from their natural homeland. This is the inspiring true story of their rescue, a journey that led these remarkable creatures from hardship to hope, and to the eventual sanctuary of Born Free's South African wildlife reserve. Filled throughout with full-colour photographs and fascinating facts about how leopards live in the wild, this is an ideal book for young animal lovers.

In this exciting new adventure, Rainbow Fish is torn between his newfound friends and a lonely striped fish who is not allowed to join the group because he lacks a shiny scale. When a dangerous and hungry shark suddenly appears, Rainbow Fish must decide: Should he risk losing his new friends - maybe even his life - for the little stranger?

Telling Buddy's story in Rescue Pup creates in readers, young and old, an awareness of our system of rescuing animals that can't fend for themselves. Buddy is abandoned in an empty house and breaks free, only to be faced with many dangers on his own. He eventually finds himself in an overcrowded shelter where he fears he will never be noticed and adopted. It is worth reading time and again to our children. This story builds character as it deals with concepts like responsibility, friendship, and love. Young readers benefit from early exposure to these virtues. In Rescue Pup, these concepts are presented naturally in the course of the story so children can easily grasp them. Perhaps what gives the story its greatest impact is that it is based on a true story. The 'real' Buddy was abandoned as a pup until he was rescued by someone who heard his cries. What makes it important is that what happened to Buddy happens all too often in our modern world. That's why this simple book is also a very important one. As we teach our children how to responsibly care for the animals put into our charge, we begin

to create a future in which pets do not need to go through what Buddy did.

From bestselling author Stephanie St. Claire comes the shocking beginning of a 5-star series, McKenzie Ridge. Working together to rescue animals, Mimi and her three-legged dog, Maty, help their friend George search for a missing rat whose disappearance is tied to a nasty pair of siblings and a local pie shop. A first children's book.

We are in the midst of a global refugee crisis. Sixty five million people are fleeing for their lives. The choices are urgent, not just for them but for all of us. What can we possibly do to help? With compassion and clarity, David Miliband shows why we should care and how we can make a difference. He takes us from war zones in the Middle East to peaceful suburbs in America to explain the crisis and show what can be done, not just by governments with the power to change policy but by citizens with the urge to change lives. His innovative and practical call to action shows that the crisis need not overwhelm us. Miliband says this is a fight to uphold the best of human nature in the face of rhetoric and policy that humor the worst. He defends the international order built by western leaders out of the ashes of World War II, but says now is the time for reform. Describing his family story and drawing revealing lessons from his life in politics, David Miliband shows that if we fail refugees, then we betray our own history, values, and interests. The message is simple: rescue refugees and we rescue ourselves.

From two-time National Book Award finalist Eliot Schrefer comes an unbelievable story of survival. Raja has been raised in captivity. Not behind the bars of a zoo, but within the confines of an American home. He was stolen when he was young to be someone's pet. Now he's grown up . . . and is about to be sent away again, to a place from which there will be no return. John grew up with Raja. The orangutan was his friend, his brother -- never his pet. But when John's parents split up and he moved across the country, he left Raja behind. Now Raja is suffering. There's one last chance to save Raja -- a chance that will force John to confront his fractured family and the captivity he's imposed on himself all of these years. Eliot Schrefer's last two novels, *Endangered* and *Threatened*, were both finalists for the National Book Award. With *Rescued*, he brings his remarkable storytelling to the American landscape, giving us a boy who must redefine his own humanity and an orangutan who will need his help in order to return home.

Bold, friendly, and appealing illustrations with interactive transparent pages make this book ideal for young animal enthusiasts. This is a book in which you become a rescue hero. Simply turn the transparent page and rescue the animals! It's fun, it's simple, and it's a gentle introduction to the importance of animal welfare. This is a book without words which enables the reader to choose the appropriate level of input for the child. Which animals would you rescue? Great for enriching vocabulary, encourage awareness, and learning about our environment, this is the perfect gift book, and a fun learning tool. A percentage of the royalties from this book will be donated to the Born Free Foundation.

As mascots, messengers, rat-catchers and even spies, animals have long marched into war alongside servicemen and women. Dogs, horses, cats (even birds, camels and elephants) have saved thousands of lives through instinct, intelligence, courage and devotion. Like Jet, a dog who searched through ruins during the Blitz bombings to find survivors, or Sergeant Stubby, a dog who caught a spy. Or the pigeons who braved hurricanes, hawks and even snipers to help during WWII ... Engaging, uplifting and deeply moving, *Jet the Rescue Dog* tells the stories of these brave, silent heroes with sensitivity and gentle humour for readers age 8+. With black and white illustrations throughout.

Scar was a street tomcat that lived 8 of his 9 lives in a deathly struggle to survive. His story had a happy ending after he was rescued and went on to become a local celebrity with a growing following. His story along with the story of other remarkable rescued cats span the breadth of this book. Along with these unique stories is an honest look at human-to-cat interaction through the eyes of a cat rescuer out in the field cleaning up the bitter results of sweet human intentions. I was rudely awakened but ultimately enriched by witnessing the tail end of events in this book which overlapped with the start of my relationship with the author. The knowledge encapsulated within the covers of this book was extracted from over a decade's worth of fieldwork, but its lessons, wisdom and implications will find application in any urban part of the world with a stray cat population. If you deal with cats professionally, this book is a must-read filled with crucial knowledge to help you better deal with what will be a substantial percentage of the cats you work with in your career. But rather than a technical or behavioral manual, the book is written in a series of chapters covering the life of several extraordinary rescue cats who through merciful and trained hands found a life off the streets and into a loving home. In an age of political correctness and please-all opinions, truth and all who depend on it have become the victims. If you're looking for a book telling you that everything is fine as regards the welfare of cats in Singapore, keep looking. If you are searching for a book that can help you understand the problems and solutions to cat welfare in Singapore and the world, you can stop your search and start reading this deeply truthful and revealing book. Prepare to be taken through a sequence of emotional highs and lows that can only be experienced by someone in the animal rescue scene. Brutally honest books rarely change the world, but they do frequently change individual's minds. And as has been seen so many times in the world, it takes just one mind to eventually change the world. This book shies away from what can sometimes be called 'toxic positivity'.

Edie and her friend Layla find an injured kitten on their way home from school.

In *Rescued*, David Rosenfelt again delights his readers with the charm and wit they've come to expect. Even the most fervent fans of the sardonic Andy Carpenter and his team will be enthralled by this latest case, where the stakes have never been higher. Defense lawyer Andy Carpenter is reluctant to take on any more cases. He'd much rather spend his time working for his dog rescue organization, the Tara Foundation, than find himself back in a courtroom. However, when a truck carrying over seventy dogs from the South to the rescue-friendly northeast turns up with a murdered driver, Andy can't help but get involved. Of course Andy is

eager to help the dogs, many of whom come to the Tara Foundation while awaiting forever homes – it's the man accused of murder who he has a problem defending. The accused just happens to be his wife Laurie's ex-fiance; her tall, good looking, ex-Marine ex-fiance. Even though he acknowledges having argued with the victim, he swears that he is not a killer, and though he would rather not, Andy has to admit he believes he's telling the truth. For Andy, even with dozens of successful cases behind him, this case that his wife insists he take may prove to be his most difficult.

Ryder Daniels is all too familiar with rejection. His parents cut off contact because he's gay and his boyfriend left him, choosing drugs over love. Aside from his rescued pit bull, his only joy is hanging out with his younger brother. Then his mother does the unthinkable and forbids them to see each other, leaving Ryder devastated and alone. His friends urge him to date, but Ryder would rather throw himself into working at the dog rescue and figuring out a way to see his brother again. When Jason Mallory's girlfriend gives him an ultimatum to get married, he shocks everyone by breaking up with her instead. He believes he's too busy for a relationship now that the construction company he started with his brother is taking off. When he discovers a group of abandoned pit bulls and calls the local dog rescue group to pick them up, an uncomfortable encounter with Ryder causes Jason to question feelings he's hidden deep inside for years. Jason and Ryder build a friendship, until an unexpected kiss sparks the attraction they've been fighting. Jason gives Ryder unconditional love and helps him reconnect with his brother while Ryder shows Jason the passion he's always missed in relationships. Together they must battle through their family differences and ugly prejudices. Only then can they prove that once you find the right person to love, there's no turning back. This is a re-release of the original edition published in 2014. It has brand new content as well as the entire book being revised.

Twins Alex and Becky are excited to take their puppy, Cooper, on vacation to the ocean. But a walk along the cliffs turns out to be more of an adventure than anyone could have imagined. With his K-9's help, can he save the son he didn't know existed? Rescuing a kidnapped child is part of the job for search-and-rescue K-9 handler Patrick Sanders—but this time it's his son. Now Patrick and his furry partner must work with his high school love, Jennie Wilcox, to shield the little boy he just learned about. But with someone targeting them, will Patrick and Jennie survive to face their painful past and become a family? From Harlequin Love Inspired Suspense: Courage. Danger. Faith. K-9 Search and Rescue

Inspired by the true story of a feisty swine who escapes a delivery truck and ends up at an animal sanctuary, this gently humorous tale introduces kids to an intelligent, inquisitive, and very appealing pig. Full color.

"Peter Zheutlin has written a lovely, moving, important book about a subject that is both heartbreaking and joyful." - Dean Koontz How far would you go to save a life? This is the extraordinary story of one man who has driven more than 1 million miles to rescue thousands of dogs from hunger, abuse and neglect and give them a second chance at life and love. For years, Greg Mahle struggled to keep the last of his family-run restaurants afloat in Ohio. When it finally closed, he was broke and unsure what to do next. Then a stranded van-load of puppies changed his life forever. Join journalist Peter Zheutlin as he travels with Greg from Ohio to the Gulf Coast on his Rescue Road Trips to bring hard-luck dogs from the deep South to loving "forever families" up north looking to adopt a pet, with the help of many selfless volunteers along the way. From Houston's impoverished Fifth Ward--where thousands of strays roam the streets--and high-kill animal shelters in Louisiana, to joyous scenes of adopters embracing their

new pups in the Northeast, Rescue Road is full of heart: an inspiring story about the unique bond between dogs and humans, and how going the extra mile can make a life-changing difference for these loyal canines-and for us all. A heartwarming, awe-inspiring story of how one man can impact so many lives, human and puppy alike. Fans of Marley and Me, Oogy: The Dog Only A Family Could Love, and You Had Me At Woof will be inspired and touched by this story. An optimistic vision of the future after Covid-19 by a leading professor of globalisation at the University of Oxford. We are at a crossroads. The wrecking-ball of Covid-19 has destroyed global norms. Many think that after the devastation there will be a bounce back. To Ian Goldin, Professor of Development and Globalisation at the University of Oxford, this is a retrograde notion. He believes that this crisis can create opportunities for change, just as the Second World War forged the ideas behind the Beveridge Report. Published in 1942, it was revolutionary and laid the foundations for the welfare state alongside a host of other social and economic reforms, changing the world for the better. Ian Goldin tackles the challenges and opportunities posed by the pandemic, ranging from globalisation to the future of jobs, income inequality and geopolitics, the climate crisis and the modern city. It is a fresh, bold call for an optimistic

future and one we all have the power to create.

A 2019 Schneider Family Book Award Winner Based on a real-life partnership, the heartening story of the love and teamwork between a girl and her service dog will illuminate and inspire. Rescue thought he'd grow up to be a Seeing Eye dog — it's the family business, after all. When he gets the news that he's better suited to being a service dog, he's worried that he's not up to the task. Then he meets Jessica, a girl whose life is turning out differently than the way she'd imagined it, too. Now Jessica needs Rescue by her side to help her accomplish everyday tasks. And it turns out that Rescue can help Jessica see after all: a way forward, together, one step at a time. An endnote from the authors tells more about the training and extraordinary abilities of service dogs, particularly their real-life best friend and black lab, Rescue.

A new memoir from the #1 New York Times, #1 Wall Street Journal, and top 10 USA Today bestselling author of *The Dog Lived (And So Will I)* "A literary masterpiece! Teresa Rhyne writes from the heart and soul... This is a must read not only for dog lovers, but for anyone with a passion for animals." - Shannon Keith, Founder and President of the Beagle Freedom Project We rescue dogs and bring them into our lives...and often they rescue us in return. What would cause a cheese-loving, meat-eating lawyer to become a vegan? Her dog. Teresa Rhyne and Seamus the beagle both survived cancer once, so when Seamus develops yet another cancer, Teresa vows to fight again. She finds better food for Seamus, and a plant-based diet becomes her own guide, but she realized that's not enough for her-and it's not enough for the animals. As she searches for a more compassionate lifestyle, she struggles to find her place somewhere between a hypocrite in leather high heels and a hippie in a hemp skirt, all while coping with the threat of Seamus slipping away. When she encounters two other dogs who need help, including one rescued from animal testing, turning away seems impossible after everything she's discovered. Will turning her life upside down to rescue two more beagles be the best medicine for everyone?
