For such a beautiful industry, there is a lot of ugly behind the scenes in modelling. Exploitation has always existed in the fashion industry, because it is so aspirational. By cutting through the smoke and mirrors, *The Model Manifesto* empowers and educates models to take control of their lives into their own hands and educates the public on the reality of what's involved in modelling. Leanne Maskell has drawn on her 13 years of experience working as an international model together with her legal background to create this easy-to-understand, A-Z guide in order to end exploitation of vulnerable models and wanna-be models. With contributions from top industry experts, *The Model Manifesto* includes solid advice on everything from mental health issues to paying tax. It covers every aspect of the modelling industry in detail to give an honest and realistic insider view, covering both the highs and the lows. The way to end the exploitation and the ugly in the industry is by education, awareness and building change from the inside out.

George, Bess, and I were so excited when we won an amazing vacation at an eco-resort in Costa Rica. Fun, sun, surf -- all in the name of ecology and helping to keep our planet clean. But, as always, dirty business seems to follow me wherever I go, and this resort isn't as spic 'n' span as we originally thought. After a string of increasingly dangerous "accidents," it seems that there is a jealous predator staying at the resort, making trouble for the management and the guests. Against the urging of my friends, I know that I need to take this case and get to the bottom of it before our entire week at Casa Verde is ruined -- or worse. Can I uncover who is sabotaging the press tour before it's too late? Or will our vacation come to an unhappy end?
