The modern perspective on sexuality is almost exclusively focused on procreational and recreational sex. Little attention has been given to the ancient Asian perspectives on the more profound restorative and transformative (spiritual) benefits of sexuality. This challenging material will definitely bring about a rethinking of sexual purpose and conduct. "White Tigress" refers to a female who follows the natural workings and forces of her sexuality to achieve beauty, youthfulness, longevity, and immortality. Her sexual practices all derive from teachings passed down through various consorts and female Taoist nuns and immortaleses. "Green Dragon" refers to the male surrogate sexual partners of a White Tigress, who provide her with heightened sexual energy and passion. A Green Dragon can also be a co-cultivator in a Tigress's practice, helping her engage in the deeper transformational practices so that they both can achieve restoration and illumination of body and spirit. The White Tigress and Green Dragon sexual-spiritual practices and philosophy revitalize sexual passion and compassion, demonstrating that there is much to learn about sexual energy and how it can greatly benefit the body and mind.

The goal for the Jade Dragon is health, longevity, and immortality through external and internal regimens for the enhancement and accumulation of the Three Treasures of Taoism--ching (sexual and physical energy), qi (breath and vital energy) and shen (spiritual and mental energy). The author presents the nine Jade Dragon exercises that strengthen erections, enlarge the penis, increase semen quantity and quality, prevent premature ejaculations, and enhance sexual energy. He also details herbal remedies for revitalization that address both physical and spiritual sexual components, as well as ancient Taoist breathing and meditative practices and sexual stimulation techniques that amplify sexual intensity in order to create the elixir of immortality. Concluding with the importance of the interactions between and interdependence of White Tigresses and

our body enables us to renew with our prepubertal innocence, the innocence of childhood and the happy days when we were discovering tactile pleasure. We feel... alive again As I received various Tantric massages in the course of my research, I tried to conceptualize the different techniques used and the impulse which transmits love through the sense of touch. This led directly to my taking note of what the different Tantric and Kashmiri massages have in common. The 6 full body massage protocols I describe in my book provide a framework for the moves to be performed and transitions to be smoothed out, as well as tips and tricks meant to increase the fluidity of a Tantric massage. You may simply draw your initial inspiration from these and go on to massage freely with an open heart. Tantric & Kashmiri massages includes various solo exercises such as undulatory orbital breathing, chakra balancing, and the Who-Am-I or karsai nei tsang self-massage, as well as a number of easy twosome exercises associated with the Tantra. In an age when we are constantly bombarded with stimuli of every sort, getting in tune with our own sensibility and that of our partners and even renewing contact with the sacred through shamanism or the Tantra will strengthen our sense of rootedness shattered by stress.

to maintain sexual health with prostate massage and jade egg exercises Taught to Chinese emperors, their wives, and their concubines for thousands of years, Taoist sexual techniques help lovers harmonize their cycles of pleasure and utilize the abundance of reproductive power that is otherwise wasted in non-procreative sex. Combining the study of sex with traditional Chinese medicine, these practices stimulate and sustain sexual desire through the meridians and pressure points and enhance relationships by harmonizing male (yang) and female (yin) energies. Using easy-to-follow illustrations, Taoist Foreplay guides lovers through simple acupressure massage routines connecting all the points and channels that increase pleasure and spark arousal. It shows how to prolong peak moments, maintain sexual health through prostate massage and jade egg exercises, and sustain the intensity of first love through all the seasons of a maturing relationship. It also explains how to reveal and overcome incompatibility with the Taoist Zodiac. From foreplay to climax, these practices offer a way to keep the flame of sexual energy alive.

transformation. Readers of Carlos Casteneda have often complained that his work in ancient Meso-american shamanism never covered sexual practices beyond celibacy. With his death in 1998 it seemed that these practices might never be revealed, but fortunately Marilyn Tunneshende has stepped in. Set against the backdrop of the golden deserts of Sonora, Mexico, Don Juan and the Art of Sexual Energy recounts Tunneshende's initiation into the ancient sexual energy practices of the Toltec-Mayan tradition. Under the tutelage of don Juan Matus, Chon Yakil (whom Casteneda referred to as Don Genaro), and dona Celestina de la Soledad, she learns to reclaim her feminine power and balance the masculine and feminine forces within herself. At the heart of the book is the mythical Rainbow Serpent: the phallic energy within women, the creative power within men. Each chapter focuses on a particular technique for awakening the serpent and connecting with its energy. Twenty-two sequential practices are covered, providing a powerful program for serious spiritual transformation. A tantric massage practice for awakening and enhancing women's innate sensual, emotional, and spiritual energies • Provides emotional healing by releasing traumatic memories stored in the yoni • Includes exercises that use sexual energy to cleanse and stimulate the chakras • Empowers women to draw strength and radiant vitality from the restored connection to their innermost core "Yoni" is the Sanskrit word for the female genitalia, describing not only the anatomy but also encompassing the energetic and spiritual dimensions. While a yoni massage offers women the opportunity to enhance their sexuality, Michaela Riedl shows that the effects of this practice are much more profound and have ramifications affecting every area of life. Long held inhibitions in the West about sexuality and the shame and guilt associated with the sexual zones of the body have created deep-seated barriers that prevent individuals from fully expressing themselves. The practices provided in Yoni Massage are designed to allow women to overcome these barriers and reconnect to their innermost core and deepest feminine nature. Yoni massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body through deep breathing and visualization. It provides women the ability to cleanse and energetically stimulate the chakras as well as achieve emotional healing by

releasing the traumatic pain that often becomes seated in the yoni. The author explains that the relegation of this important spiritual and energetic center to a “private part” hinders the process of enlightenment. Once women are able to be in touch with their yoni energy, their connection to the entire web of life is restored to its rightful place.

falsehood. The goal of a lingam massage is to provide a man conscious, loving contact with his own masculinity. Western cultural expectations around sexual “performance” have created sexual difficulties for many men, including erectile dysfunction and premature ejaculation. Through loving touch, lingam massage provides the deep relaxation that supports sustained erection, putting a man in touch with less familiar aspects of his sexuality, including the energetic responses of his perineum, prostate gland, and anus. Lingam massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body. It allows men to savor longer, deeper orgasms and teaches taoist and tantric practices for conserving sexual energy. Over time, as his consciousness deepens, these practices give a man complete control over his ejaculation.

but we must learn how to harness excess sexual energy and transform it into chi, or life-force energy. When we circulate the sexual energy in the Microcosmic Orbit--a continuous energy loop that runs up the spine and down the front of the body--we transform it into self-healing energy that can be stored in the organs and the three tan tiens: energy centers in the brain, the heart center, and the lower abdomen. The Alchemy of Sexual Energy builds upon Microcosmic Orbit practices discussed in Healing Light of the Tao. The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe. By learning to open the three tan tiens to the six directions, the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body. This energy, too, can be stored in the three tan tiens and used as needed for healing. When we learn to flow in this way with the energy of the Tao, life ceases to be a struggle.

body by pure desire. For millennia, Tantric adepts have harnessed this force as a means of attaining the summits of the mystical life. The energies fueled by passion are used to nourish the inner flame that burns away the egotistical perception of the mind. Desire explores the subtle techniques of Tantra that enable the seeker to attain the triple mastery of the breath, thought, and the natural processes of the body. Tantrics believe that the body is the temple and divinity lies at its heart. In order to arrive at profound awareness, the body needs to be perfectly tuned and working toward a state of perfect fluidity. Desire reveals many of the secret practices intended for this purpose that have been passed down in the major Tantric treatises such as the Vijnanabhariva Tantra and Ch'an master Chinul's treatise on the Secrets of Cultivating the Mind, including the important techniques of the ritual sexual observances known as Maithuna.
