Employment | LACMA

Composed of two separate instruments: the Kinetic Family Drawing (KFD) and Kinetic School Drawing (KSD) in which the child or adolescent is asked to draw a picture of relevant school or family figures doing something. The examiner then attempts to clarify the child's drawings and to investigate the covert processes which affected them. Can be used as an "ice breaker technique" to facilitate ...

Psychological Tests in Current Use - AssessmentPsychology.com

Maurits Cornelis Escher, known as 'Mauk' by his family was the fifth and youngest child of Sarah and George Escher. He had a comfortable middle-class childhood and his memories from this period were happy ones. In 1903, the family relocated to the city of Arnheim where Escher attended school, an experience that he disliked intensely. Despite being a time which Escher would later refer to as a ...

Iconography - "image writing" or "writing with images" - refers to the visual images and symbols used in a work of art as well as to the interpretation of the work's meaning. Iconographic analysis identifies objects and figures in an artwork as signs or symbols that can reflect religious or historical contexts, and the meaning of which was often more directly understood at a particular time by ...

Art Appreciation Flashcards | Quizlet

QSAR modeling is widely practiced in academy, industry, and government institutions around the world. Recent observations suggest that following years of strong dominance by the structure-based methods, the value of statistically-based QSAR approaches in helping to guide lead optimization is starting to be appreciatively reconsidered by leaders of several larger CADD groups. 2 QSAR models find ...
