This principle was suggested long back by Fayol and other researchers. However, in the modern form of organisations like project and matrix organisations, there is a duality of command where a person can have more than one boss. Since the structure stipulates so, principle of unity of command cannot be followed in such organisations.

The book repeats itself all the time. It's a collection of essays, letters and speeches, and was no supposed to be a book from the beginning. Because of that, it doesn't work well as a book, and most of the essays say something that a previous one has said. The chapter about pacifism is utterly redundant, because he keeps showing his solution ...

Gothic is a literary genre, and a characteristically modern one. The word 'genre' comes from the Latin 'genus' which means 'kind'. So to ask what genre a text belongs to is to ask what kind of text it is. A genre isn't like a box in which a group of texts all neatly fit and can be safely classified; there is no essence or a single element that belongs to all Gothics.
