Norfolk Southern supports our coal end-users and producers with a Mine Operations Directory. It lists producers and sellers contact information, mine numbers, origin stations, and track capabilities.

Mine Operations Directory | Coal - Norfolk Southern

A simple calculation suggests that the 700 units are about 20% of Norfolk Southern's active fleet of 3,900 locomotives reported at year-end 2019. If we use the Norfolk Southern estimated \$385 million accounting charge for that, it suggests a \$550,000 or so write-off per unit. Those locomotives do have a potential resale or lease value.

Commentary: Many freight locomotives no longer needed ...

Norfolk Southern Corporation is one of the nation's premier transportation companies. Its Norfolk Southern Railway subsidiary operates 19,500 route miles in 22 states and the District of Columbia, serves every major container port in the eastern United States, and provides efficient connections to other rail carriers.
