So basically it's just like window shopping without getting any details of the agent or house owners very very disappointed. Also, many agents put fake photos and when u call for the house listed they say sorry it's already been booked. All of them brokers give the same reason. 6 people found this review helpful . Ask.com - What's Your Question?

The Internet of Things (IoT) describes physical objects (or groups of such objects) with sensors, processing ability, software, and other technologies that connect and exchange data with other devices and systems over the Internet or other communications networks. Internet of things has been considered a misnomer because devices do not need to be connected to the public internet, they only ...
