Notes on the Political Economy of Redistribution. September 21, 2012 10:09 am September 21, 2012 10:09 am. Mitt Romney is getting beaten up, and rightly so, for claiming that redistribution is un-American. Of course we redistribute, and we've been doing it on a substantial scale for generations. ... (there are people with incomes \$1 million ...

### Notes on the Political Economy of Redistribution - The New ...

As noted above, the term 'redistribution' is usually taken to require some social mechanism that, whether intentionally or not, causes the shift. With respect to purposive diachronic redistribution, matters are still less clear, since in the case at hand it is hard to determine whether or not officials in the Reagan Administration intended that their policies should have these effects.

### Redistribution (Stanford Encyclopedia of Philosophy)

Some proponents of redistribution reject the politics of recognition outright, casting claims for the recognition of difference as "false consciousness," a hindrance to the pursuit of social justice.

### Social justice in the age of identity politics ...

Redistribution of income and wealth is the transfer of income and wealth from some individuals to others by means of a social mechanism such as taxation, charity, welfare, public services, land reform, monetary policies, confiscation, divorce or tort law. The term typically refers to redistribution on an economy-wide basis rather than between selected individuals. Interpretations of the phrase vary, depending on personal perspectives, political ideologies and the selective use of statistics. It

### Redistribution of income and wealth - Wikipedia

o Political power increases with group size • Main Idea: o Inefficient redistribution arises as a way to maintain or expand the size of the group to guarantee its future political power ♣ The rationale for inefficient redistribution is to prevent marginal agents from leaving the sector (and encourage new agents)

### Redistribution Flashcards | Quizlet

The upshot is that the politics of recognition and the politics of redistribution often appear to have mutually contradictory aims. Whereas the first tends to promote group differentiation, the second tends to undermine it. Thus, the two kinds of claim stand in tension with each other; they can interfere with, or even work against, each other.

### From Redistribution to Recognition? by Nancy Fraser

Upward redistribution means that a larger share of wage and salary income exceeds the taxable maximum set at \$137,700 in 2020. This directly impacts revenue, as additional earnings flow to workers...

### The Impact of Upward Redistribution on Social Security ...

Integrating disparate strands of research in political science, economics, and psychology, Johnston, Lavine, and Federico articulate two alternative pathways for how being open versus closed shapes opinions on fundamentally important issues of social welfare, redistribution, and government intervention in the market.

### Open versus Closed: Personality, Identity, and the ...

The upshot is that the politics of recognition and the politics of redistribution appear to have mutually contradictory aims. Whereas the first tends to promote group differentiation, the second tends to undermine it. The two kinds of claim thus stand in tension with each other; they can interfere with, or even work against, one another.

**From Redistribution to Recognition? Dilemmas of Justice in ...**

- The key to this synthesis is the proposition that the median-voter approach to the politics of redistribution works to the extent that unions, Left parties, or other actors mobilize low-income workers to participate in the political process ... Our argument above voter turnout is essentially an argument about the conditions under which Left ...

**CPE 2 - Inequality and Redistribution Revision 2 ...**

If we assume, as political economists on both the left and right long have, that everyone with below-average income should want to raise taxes on everyone with above-average income, democracy ...

**Why don't voters demand more redistribution? - The ...**

This paper proposes a model of other-regarding preferences for redistribution, which we term "income-dependent altruism.". Our model predicts that an individual's preferred level of redistribution is decreasing in income, increasing in inequality, and, more importantly, that the inequality effect is increasing in income.
