It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' texbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Excuse me, 10-12 year old are not little kids. I have many friends that are 10-12 years old, and don't play with toys and dolls. They all use the web. You might have preteens that still play with dolls, but not all children are the same. Plus, a kid under 13 is a child, and anyone under 18 is a kid. Login to reply the answers Post
