is good news for those of us who have had to pony up ridiculously high fees for substandard audiobooks. Librivox has many volunteers that work to release quality recordings of classic books, all free for anyone to download. If you've been looking for a great place to find free audio books, Librivox is a good place to start.

The cabinet of the Sony KP-57WS510 is only 27 inches deep from wall to front of display. Before looking at this TV, I had always hated rear projection TVs, because they were fuzzy looking if you were standing less than 20 feet away. The picture on this TV is not only huge, but sharp and crisp from only 5 to 10 feet away.
