The saints' bodies, Kugle argues, are treated as symbolic resources for generating religious meaning, communal solidarity, and the experience of sacred power. In each chapter, Kugle also features a particular

theoretical problem, drawing methodologically from religious studies, anthropology, studies of gender and sexuality, theology, feminism, and philosophy.

Sufis and Saints' Bodies: Mysticism, Corporeality, and ...

Sufism - Sufism - Sufi thought and practice: The mystics drew their vocabulary largely from the Qur'ān, which for Muslims contains all divine wisdom and has to be interpreted with ever-increasing insight. In the Qur'ān, mystics found the threat of the Last Judgment, but they also found the statement that God "loves them and they love him," which became the basis for love-mysticism.
